

# Diversity in Contracting

## 2023 Aviation Industry Day 5 Projects Totaling Over \$1 Billion

Join us for the biggest PortGen event of the year where our goal is to increase WMDBE and small business participation on Port Aviation projects by providing you information on these upcoming **construction and architecture & engineering projects**:

- Main Terminal Improvement Project
- Sound Insulation Apartment Program - Phase 2 Construction
- Airfield Pavement, Infrastructure, and Utility Improvements
- SEA Duty Free Build Out
- Industrial Wastewater Treatment Plant

Project presentations will be followed by a 2-hour networking event where WMDBE and small firms will meet the biggest primes in the construction and A&E fields to begin conversations about the potential to team up for these Port opportunities.

**Tuesday, June 20, 2023**  
**1:00 to 4:30 PM**  
**SEA International Airport**  
 Light refreshments will be served  
 Parking validation provided

PortGen Trainings and Events connect Women and Minority owned businesses and small businesses to the right information and the right people so that you can successfully consider, pursue, and execute on Port contracting opportunities. We hope to see you at a PortGen session soon!
