

SMALL BUSINESS OUTREACH EVENT

In-Person | Virtual

Sound Transit W200 Duwamish River Crossing & Aerial Guideway
Heavy Civil GC / CM Pursuit

BUILDING RELATIONSHIPS NOW FOR TOMORROW'S OPPORTUNITIES

Duwamish Guideway Constructors (FlatironDragados and Aecon JV) is pursuing Sound Transit's W200 Duwamish River Crossing & Aerial Guideway Project. We are committed to partnering with subcontractors, suppliers, consultants, and certified firms as we pursue this transformative Sound Transit project.

The West Seattle Link Extension will add 3.9 miles of light rail between SODO and Alaska Junction. The W200 contract includes more than 1.5 miles of guideway and a signature 2,400-foot cable-stayed bridge over the Duwamish Waterway.

This outreach event provides an opportunity to:

- ✓ Learn about the project
- ✓ Discuss subcontracting opportunities
- ✓ Meet members of the team
- ✓ Introduce your firm's capabilities
