Resources

City of Tacoma - [Training & Business Management](#), The City's ongoing training and business management assistance is available through several resources. For certified businesses, the Equity in Contracting (EIC) team helps to level the playing field when it comes to having an opportunity to secure public works, and goods and services contracts. For prime public works contractors, the EIC team offers pre-approved certified sub-contractors who can help you meet the goals or requirements for your project.

Get the business support you need - [Make It Tacoma](#), The City of Tacoma team wants you to succeed. That's why we offer a myriad of detailed business resources that walk you through starting and/or growing your business. You can also connect with an experienced coach or mentor through one of our local business organizations or attend a training workshop to get hands-on guidance.

Opportunities - [Minority Business Development Agency \(MBDA\)](#) - click the link for opportunities that are both regional and local. The opportunities are updated every two weeks. Construction Projects Bidding, Architecture & Engineering Projects, and King County Procurement. Please contact bid holder or project manager for the most up-to-date information including pre-bid meeting requirements.

WA State Certification - [Office of Minority and Women's Business Enterprises \(OWMBE\)](#), This Washington State agency provides certification for MBE/MWBE/WBE/DBE/SBE application and assist with government contracting.

Government Contracting Training - [Procurement Technical Assistance Center \(PTAC\)](#), Washington PTAC is dedicated to helping businesses navigate government contracting. PTAC can advise you on how to properly introduce yourself to potential buyers, direct you to the appropriate agencies and contact, and provide assistance on registering in appropriate databases.
