

## COVID-19 Workplace Safety Educational Series Webinar 1 **Workplace Basics for Indoor Environments**

Tuesday, March 2, 2021 | 12:00-02:00

For more information visit <https://www.ehsintl.com/covid-19-education/>

EHSI is excited to announce that we will be providing a unique opportunity for small businesses to learn how to protect their workers during the COVID-19 pandemic and comply with state and federal regulations.

### **Webinar 1 of 6: COVID-19 Workplace Basics for Indoor Spaces**

This session will cover work from home accommodation and ergonomics, in office ventilation, worker spacing, barricades/physical barriers, worker education/resources, facial coverings, and administrative controls to prevent virus spread in indoor work environments. It will include an introduction to available COVID-19 resources for the employer audience. There will be up to an hour post session to ask any questions or suggest future topics for discussion.
