Potential Subcontractor & Supplier Work Scopes

Civil Work, Concrete Flatwork, Concrete Pumping, Concrete Placement, and Concrete Supply; Diving, Diving, Electrical Work, Environmental Monitoring; Furnish Floating Steel Camels; a Fueling Facility; Marine Survey, Marine Towing, Mechanical Work; Quality Control & Inspection; Signage; Steel Fabrication & Supply, Steel Piling Supply; Site Improvements, Storm Drainage, Utilities; Trucking; Water Quality monitoring; and other marine construction scopes.

Small Business

In order to assist certified small business subcontractors and suppliers, we will divide scopes of work into economically feasible units and will assist firms with meeting delivery schedules, providing points of contact regarding bonding, lines of credit, insurance and information to allow small businesses to secure their own equipment in order to maximize Small Business (SB) participation in each of the different SB Socio-economic program categories on this project.
