

NAMC Presentation

12.3.2020

Agenda

- Intro
- 1:1 Sessions
- Upcoming Project Opportunities
- MWDBE Input Forms

Intro

1:1 Sessions

1:1 Sessions

LEARN MORE ABOUT PROJECT OPPORTUNITIES WITH LYDIG!

Lydig Construction is reaching out to NAMC members to share information on upcoming projects.

We are hosting 1:1 meetings every Monday to learn more about potential partnerships and identify shared opportunities.

EVERY MONDAY: 3-5 PM

To learn more about this program or schedule a meeting, please contact Darling Nava at outreach@darlingnava.com.

Learn more about Lydig at www.lydig.com

Upcoming Project Opportunities

Northgate ES – Replacement Project

- GC/CM – Lydig Construction
- 100,000 SF
- \$60.1 million
- Bid Packages Starting February 2021 – May 2021
- Project Substantial Completion
 - Phase I (Building) April 30, 2023
 - Phase II (Site) December 15, 2023

Northgate ES – Replacement Project

- Construct a new multi-story school to provide permanent space for up to 650 students, grades PreKindergarten-5. Demolition of the existing building will occur after the new school is complete. Students will be located on-site during the construction period.

Lincoln High School Phase 2

- GC/CM – Lydig Construction
- 60,145 SF
- \$19.1 million
- Bid Packages – Phase 2A Starting April 2021
Phase 2B Starting November 2021
- Project Substantial Completion
 - Phase IIA – December 30, 2021
 - Phase IIB – October 31, 2022

Lincoln High School Phase 2

- Lincoln Phase II project is a seismic upgrade with accessibility upgrades, alterations, building repairs and abatement for the east campus buildings only. The Gymnasium, Auditorium, and Performing Arts & CTE Phase 2 will not include any work on the west side of the campus. Improvements to the site are limited to providing accessible routes that support the accessibility upgrades inside the buildings.

Lakehaven Water & Sewer District New Headquarters

- GC/CM – Lydig Construction
- 86,000 SF
- \$35 million
- Bid Packages Starting March 2021 – May 2021
- Project Substantial Completion
 - December 2022

Lakehaven Water & Sewer District New Headquarters

- **Lakehaven Water and Sewer District New Headquarters:** The project consists of a new, approximately 40,000 square foot 2-story administration building with approximately 145 parking stalls, a new vehicle storage building, remodel of the existing maintenance building (aka “Water Shop”), replacement of the existing stormwater system, new underground utility work, demolition of the existing administration building, new material storage areas, off-site improvements and other miscellaneous buildings and features. Construction is set to begin late Spring of 2021 with substantial completion by the end of 2022.

MWDBE Info Form

MWDBE Info Form

- Intention & Purpose
 - Right Size Scopes
 - Identify Barriers
 - Provide Support

MWDBE Subcontractor/Supplier/Vendor Information Form | LYDIG

DATE: _____

Note: Submission of this form is **VOLUNTARY**. The information collected will be used to create our MWDBE data base in compliance with contract obligations for all firms interested in receiving notifications of outreach events, proper assessment, and bidding opportunities for projects pursued by Lydig Construction. Additional information is requested to help us review our approach to setting scopes of work and evaluating strategies to maximize opportunities for MWDBE participation.

This is **NOT** a pre-qualification form. A status provided will not preclude you from any future bidding opportunities.

- **Barriers**
 - Specific to your business
 - Known industry wide barriers
- The more detail, the better
- Critical to help inform how we can change project approaches to address and remove barriers
