The SR 520 Bridge Replacement and HOV Program is enhancing public safety and mobility by replacing the highway's aging, vulnerable bridges and making significant transit and roadway improvements throughout the corridor. Built in stages, the construction program's completed and planned improvements extend from I-405 in Bellevue to I-5 in Seattle.

For the most up-to-date information about the current SR 520 construction activities and planned road closures, check our SR 520 Construction Corner and its interactive construction map at <https://sr520construction.com/>
