

Puget Sound Gateway Program

Voluntary Submitters Meeting and DBE/FSBE Contractor Networking Event

Wednesday, September 11, 2019
1 – 3 p.m.
Federal Way Community Center
876 S 333rd Street
Federal Way, WA 98063

The Washington State Department of Transportation (WSDOT) is beginning the two-step contract procurement process for the SR 509 Stage 1b Project. WSDOT will hold an informational meeting for potential Submitters regarding the first step, Request for Qualifications, on Sep. 11, 2019. This is the first of two design-build contracts that will be used to construct the SR 509 Completion Project over the next 9 years.

The project involves highway, bridge, interchange, and local street construction, as well as two new undercrossings of I-5. The project will require excavation, trucking and hauling, paving, demolition, landscaping, traffic control, and numerous other types of work. Construction is expected to begin in late 2020 and to take about four years to complete.

We invite disadvantaged business enterprise (DBE) and federal small business enterprise (FSBE) firms to attend and network with the potential prime contractors for the project.

Accommodation requests for people with disabilities can be made by contacting the WSDOT Diversity/ADA Affairs team at wsdotada@wsdot.wa.gov or by calling toll-free, 855-362-4ADA (4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711.
