The City of Tacoma's Equity in Contracting Program is partnering with the Washington State Office of Minority & Women's Business Enterprises (OMWBE) to host an OMWBE Active Certification Class, a comprehensive hybrid workshop and Q&A session. The workshop is open to all businesses, whether they are in Tacoma or elsewhere in Washington State.

The class aims to help businesses owned by minorities, women, and socially and economically disadvantaged individuals get OMWBE-certified. The goal is for attendees to complete and submit their OMWBE certification applications by the end of class. Participants will have an opportunity to work with Resie Rogers, Certification Analyst with OMWBE.

Participants are encouraged to start their application before class and come prepared with any questions that may be hindering its completion. Those wanting to become certified are encouraged to bring the following items:

- Laptop/electronic device
- Financial statements and paperwork required for the certification process
