

# Canyonfalls Creek Pump Station

## Potential Subcontracting and Supply Opportunities

### September 2026 - September 2027

Tacoma Water is a municipal water utility providing drinking water to Pierce and King Counties. They serve over 100,000 residential customers and is one of the oldest municipal water systems in the U.S.

This progressive design-build project will design and construct a new pump station near Bonney Lake, as well as improve an existing transmission main with modifications to standpipes and installation of new inline valves in multiple locations.

Bids will be solicited through BuildingConnected: <https://app.buildingconnected.com/public/547fbc49dc3d7b0500804958/projects/69ebd151e8ab1fd87d50b30f>

#### POTENTIAL OPPORTUNITIES

##### CONSTRUCTION (9/26-9/27)

- Steel Piping/Valves Supply
- Pipe Supports Supply
- BMPs/Erosion Control Supply
- Rebar
- Traffic Management
- Logging
- Saw Cutting/Select Demo
- Asbestos/Hazardous Material Removal (Selective)
- Dump Trucking
- Equipment Hauling
- Pipe Painting and Coating
- Landscaping
- Ground Improvements (Rapid Impact Compaction)
- Aggregate Supply
- Precast Structures Supply
- Asphalt Paving
- Flatwork
- Concrete Pumping
- Concrete Supply
- Metal Roofing
- HVAC
- Plumbing
- Insulation
- Windows
- Man Doors
- Door Hardware
- Overhead Doors
- Waterproofing
- Metal Framing
- Overhead Crane/Hoist System Supply
- Masonry
- Drywall
- Acoustic Treatment
- Painting
- Siding
- Signage (Small)
- Fencing
- Crane Rental
- Concrete Wall Painting
- Equipment Rental
- Shoring Rental
- Janitorial
- Survey
- Sweeping
- Welding
