How to file a complaint /tip with the Federal Bureau of Investigation

In order to submit your information to the FBI, please utilize the following methods:

For complaints regarding **hacking/computer** issues please visit www.ic3.gov and complete the form. Make sure to save a copy for your records **BEFORE** you submit.

For complaints or tips regarding other criminal activity please visit www.tips.fbi.gov and complete the form or you may call the National Threat Operations Center at 1-800-225-5324 and speak to an intake examiner.

Please be aware, not all tips provided will result in an investigation. Providing your contact information will allow for follow up contact should an investigator need to gain additional information. Anonymous tips are accepted, however if follow up information is needed there is no way to contact you. The process to evaluate incoming information and tips takes several days and is based on volume. You may not hear back from an investigator if there is no action that can be taken in your situation.
