## My Friend

Words and Music by Avery Stafford

### Verse 1

I tried my best to work it all out, but time was over  
And like a weary man in a desert without water  
I thought that I would take desperate measures just to survive again  
But what I needed most was simply to let go (chorus)

### Chorus

Whenever there is no one else around  
And all you feel is loneliness and doubt  
I tell you that you've got a friend who never will leave you  
Carry all your burdens, come what may  
Making sure that you can find your way  
My friend -- I need you in my life

### Verse 2

Imagine if you tried to tell your story, but no one would listen  
And daily hearing all the wrong you've done will keep you in prison  
But I'm taking all the good with the bad and I'm going higher  
'Cause what I need most is someone who'll never go (chorus)

### Bridge

Rhythm and music -- they make the best friends  
Like hand in glove, they'll stick together 'til the end  
So if the world should walk away, don't worry -- I'm your friend  
Can't you feel the rhythm? Hear the music once again! (chorus)
