Agawa Canyon. After breakfast at our hotel, we head over to the Agawa Train station for a full day adventure into the Agawa Canyon. There are many words that can be used to describe Northern Ontario's rugged beauty: awe-inspiring, astonishing, and inspirational are just a few. This is a full 10hr day that includes 90minute off the train in Agawa Canyon Park. As the Agawa Train winds its way through this one-of-a-kind terrain, commentary is given telling the story of the region. You'll learn about upcoming points of interest as well as some of the rich history of the Ojibway, fur traders, explorers and entrepreneurs who opened up this vast wilderness. To enhance the scenery outside your window, locomotive mounted cameras provide an engineer's eye-view via flat screen monitor installed throughout the coaches. You will see an unending mix of Canadian Shield Forest, skirt lakes and river and cross over towering trestles. A truly unforgettable day!
