

# Ovenable / Microwaveable Board Trays

Dual ovenable board trays that are suitable for industrial and domestic ovens as well as being suitable for freezer use.

The benefits of ready-meal board trays are that they come from sustainable and responsibly managed sources.

They are resistant to high temperatures up to 220°C and low temperatures of -20°C.

The trays are PET coated providing excellent grease barrier properties even at high temperatures.

They are available in white or black and can be printed to meet specific requirements.

| Product Code | Shape   | Dimensions   | Volume | Case Qty | Pallet Qty |
|--------------|---|--|--------|----------|------------|
| SC10         |    | Top out 167 x 127mm; Top in 150 x 111mm;<br>Base 123 x 66 x Depth 35mm, White  | 460cc  | 840      |            |
