

BROAD TOP AREA COAL MINERS HISTORICAL SOCIETY INC.

704 Main Street P.O. Box 231 Robertsdale, Pa. 16674

PLEASE JOIN US IN THE PRESERVATION & PROMOTION OF THE BROAD TOP AREA'S RICH HISTORY & HERITAGE!

Dear Museum Supporter:

We appreciate your interest in the antiquity of the tri-county Broad Top area and the various restoration and promotional activities now in progress. Among those endeavors includes support for the full restoration of the narrow gauge East Broad Top Railroad, restoration activities in Robertsdale and the ongoing development of the H&BT Rail Trail between Saxton and Tatesville, Pa.

The historical society completed the museum relocation from the former Robertsdale United Methodist Church to its former home in the time-honored Reality Theatre, Robertsdale, Pa. in 2022. To date, much work has been completed with the official museum reopening taking place in August-2022. We enjoyed a successful grand opening which attracted many new visitors and museum supporters.

We are also working closely with the Friends of the East Broad Top to prepare Robertsdale and the Broad Top area for new and exciting things as planning for the extension of the narrow gauge EBT advances. Our society also works closely with several other Broad Top area heritage groups and travel promotion agencies in telling the exciting story of King Coal on the Broad Top.

We encourage you to join our organization. Keep in mind that your annual membership allows you to tour the museum free of charge on an unlimited basis. You will also receive periodic newsletters about the organization as well as other important communications.

Make checks payable to *Broad Top Area Coal Miners Historical Society Inc.* and mail to the above address. Thank you for your support.
