

DT-7000

TCR71

Teller cash recycler

Self-owned cash recycling technology

Serial Number Tracking

Premier Security

Multi-denomination support

Multi-operator support

As modern branch continues to improve the efficiency, automation and recycling technology are highly demanded to give the fleeting response for customers. By providing high processing speed, big capacity and multi-denomination support capabilities, GRGBanking TCR is the favorable assistant for financial institutions to meet requirements of branch automation and create a perfect environment to focus more on customer service and satisfaction.

TCR71 Teller cash recycler

Features

Unrivaled Innovation: With the latest GRGBanking recycling technology, TCR can support 8 denominations recycling at 12 notes/sec speed, which greatly improve the efficiency while ensuring the multi-denomination support. Besides, dual-operator support on TCR also increases financial institutions input-output ratio.

Serial Number Tracking: With the OCR (Optical Character Recognition) technology for cash tracing and tracking, TCR can record serial numbers of processed notes, supporting account reconciliation, fraud and cash shrinkage management for financial institutions.

Premier Security: UL291 Level 1 safe, optional vibration alarm and remote monitoring software solution ensure a secure transaction environment. Biometric authentication is also available on TCR, which creates the capability of preventing misuse and improper authorization in operating.

Specifications

Controlling Unit

- Intel® Celeron J1900/4Cores/2.0GHz CPU,4G RAM
- 500G HDD
- Windows® 7

Banknote Processing Unit

- Deposit/dispense speed: 12 notes per second
- Retract bin capacity: 500 notes
- Denominations: Max. 8
- Up to 4 dual-cassettes and 1 acceptance cassette
- Cassette capacity:
 - RC max. 2,850 notes
 - DRC max. 1,800 notes (600/1,200)
- Acceptance cassette capacity: max. 3,350 notes
- Slot capacity:
 - Cash in 500 notes (non-stop feeding support)
 - Cash out 300 notes

Operator Interface

- Display:
 - 7" LCD touch screen
- Fingerprint scanner (opt.)

Communication

- Standard TCP-IP connection / RS232

Security

- Physical:
 - Mechanical combination lock
 - Standard UL291 Level 1 safe
- Vibration alarm (opt.)

Working Environment

- Temperature:
 - Indoor: 32°F(0 °C) to 104°F(40°C);
- Temperature alarm (opt.)
- Relative humidity: 20% to 95% non-condensing

Unit:mm

*The actual capacity is subject to the thickness and fitness of local currency.
