I64A

Smart Teller Machine

- iBank solution
- Card & token issuance
- Realtime collaborating service processing
- Flexible deployment
- Multi-service, better experience
- Video interaction

I64A is an intelligent banking terminal designed to ensure easy and seamless migration of multiple banking counter businesses to customer self-service, assisted self-service and remote assistance channels. I64A enables migration of complex counter services and customized financial consulting services to the self-service terminals increasing the efficiency of the counter business, optimizing user experience and cutting operational costs.

I64A Smart Teller Machine

Features

Versatile functionalities: Providing one-stop business processing platform for customers, satisfy comprehensive business needs such as account opening, card dispensing, contract signing, consultation, etc.

Counter business migration: I64A ensures easy and seamless migration of complex counter services to self-service, assisted self-service and remote service channel, providing new real-time collaborative customer interaction model.

Flexible application deployment scenarios: I64A is easy to be deployed in branch lobby and 24h service zone as an effective way to expand the banking service channels.

Specifications

Controlling Unit

- Intel® Core™ i7 CPU; 4G DDR3; 500G SATA HDD; TCP/IP interface
- Windows® 11 /10

Interaction Unit

- Display:
  - -19” capacitive display (multi-point touch), 5:4 LCD
  - -21.5” video display (opt.)
- Video conferencing unit:
  - -Video camera
  - -Audio speaker
  - -Microphone
  - -Private handset
- Electromagnetic pressure sensing pen

Customer Interfaces

- Keypad:
  - -Tactile 4*4 stainless steel keypad
  - -PCI compliant EPP
- Card reader/dispenser:
  - -Motorized card reader
  - -Contactless smart card reader(opt.)
  - -EMV 4.0 Level 1 compliant
  - -IC/magnetic card dispenser
  - -Card dispenser capacity: max. 160x3 pcs
  - -Retract card capacity: max. 18x3 pcs
  - -Card return on power failure
- Receipt printer:
  - -80mm graphical thermal printer
  - -Capture and retract function
- Barcode reader: support barcode and QR code reading
- Biometric unit:
  - -Optical fingerprint reader (opt.)
  - -Finger vein reader (opt.)
  - -Face recognition
- Proximity detector (opt.)
- Token dispenser (opt.)

Document Processing Unit

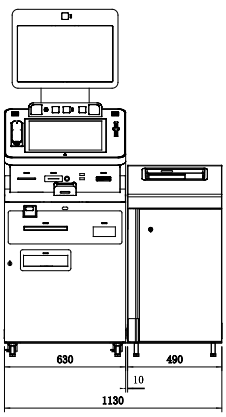

- ID card scanner(opt.)
- A4 document printer(opt.)
- A4 color document scanner(opt.)

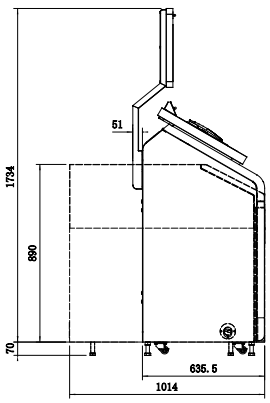

Banknote Processing Unit (opt.)

- Deposit/dispense speed: 8 notes per second
- Up to 4 recycling cassettes and 1 acceptance cassette
- Cassette capacity:
  - -Recycling cassette capacity: max. 3,350 notes*
  - -Acceptance cassette capacity: max. 2,000 notes*
- ECB Article 6 compliant

Working Environment

- Temperature:
  - -Indoor: 32℉(0 ℃) to 104℉(40℃);
- Relative humidity: 20% to 95% non-condensing

Unit: mm

*The actual capacity is subject to the thickness and fitness of local currency.
