NATIONAL PRESIDENT'S MESSAGE

Warm Greetings to my dear brothers and sisters of Zone 16 !

It is a great pleasure to share my thoughts with you in this Zone Magazine. I want to thank the Zone Secretary JFM Premanand Pandian, and the Zone President's Intern Jc Aravindane Vaithianadan, for their hard work in bringing out this Zone Magazine. The year 2026 is going to be an amazing year under the leadership of your Zone President, JFD Vijayganesh MR He is a leader with great vision and a strong heart for service. With his energy and your support, I am confident that Zone 16 will achieve incredible success and set new records this year.

Let us call 2026 "The Year of Legacy Reimagined." This is our year to upgrade our standards and change how we lead. One way to do this is through our presentation. I want each and every JCI member to wear the JCI uniform for every meeting and project. When we look sharp and professional, we show the world that we are disciplined. We want young people to see us and think, "I want to be a part of this group!" Remember, we are the faces of JCI, and how we look tells our story.

Our focus this year is Membership—let's bring as many new people as we can into our family. Let us also support the JCI India Foundation for needy children's scholarships and promote JCOM to help our business members. I also encourage you to bring former members into the Alumni Club so they can support us with their experience. Instead of doing many small, different projects, let us focus on doing the same great projects better each time. I truly believe that if all Local Organizations collaborate and work together on big projects, our voice will be louder and our impact will be much bigger. Please remember that for anything you need this year, I am always standing by you. Do not just look at me as your National President—always consider me as the first person to stand by you as a friend and a partner in service.

Let us LEAD with Purpose

Let us Connect with the people and

Evolve for Impact

ZONE SECRETARY'S MESSAGE

"Serving this organization is a bliss."

— a powerful quote often shared by our respected PNP Jc Rajanbabu, and one that truly comes alive when you begin to taste Jaycism.

With that bliss in my heart, I write this message to my beloved JCI family of Zone 16. I strongly believe that every member of our Zone is going to feel, experience, and get delighted with the true spirit of Jaycism under the dynamic leadership of our Zone President, JFD Jc Vijay Ganesh.

In my capacity as Zone Secretary, I would like to confidently shout out to every JCI member,
Believe me, JCI will always lead you in the right direction.

It connects you from the newest member to the senior-most leader, builds lifelong relationships, and opens doors to global networking through conferences, trainings, and leadership platforms across the world.

JCI is not just an organization—it is a journey of evolution.
An evolution where opportunities transform into capabilities,
Capabilities turn into leadership,
And leadership shapes responsible citizens and future-ready individuals.

Zone 16 is all set to be a zone of action, learning, connection, and growth. Let us actively involve, passionately serve, and proudly carry the spirit of Jaycism forward—because when we serve with purpose, the bliss naturally follows.

Together, let us Speak Through Action and make this year a memorable chapter in the history of JCI Zone 16.

JCI ASIA-PACIFIC CONFERENCE 2026 Niigata. Japan

What's NIIGATA

Niigata – A Culinary Capital Shaped by Water

Experience the harmony of pristine water and masterful craftsmanship in every bite.

Niigata is Japan's top rice-producing region.

Fed by pure snowmelt and grown on fertile plains, Niigata rice is at the heart of Japanese cuisine and culture. More than just a local staple, it supports tables across the nation and reflects a deep-rooted food tradition built on quality ingredients and meticulous care.

Blessed by Sea, Mountains, and Rivers

Surrounded by nature, Niigata is a treasure trove of seasonal flavors.

From the rich seafood of the Sea of Japan to mountain vegetables in spring, edamame in summer, mushrooms in autumn, and sweet winter vegetables grown under snow—every season brings something special.

Don't miss local favorites like sushi, seafood rice bowls, grilled nodoguro (blackthroat seaperch), and fresh edamame—each a true taste of Niigata.

Local Sake and Regional Cuisine

Niigata is Japan's leading sake-producing region, home to the most breweries in the country.

Its cold climate, pure air, and clean water create sake with a smooth, refined taste—perfectly balanced to complement local dishes.

Pair it with Niigata's traditional specialties like hegi soba (buckwheat noodles with seaweed), noppe (a hearty vegetable stew), or tare-katsu don (a soy-glazed pork cutlet rice bowl), and you'll experience the flavors and spirit of Niigata with all five senses.

Hot Springs and Scenic Beauty

Beyond cuisine, Niigata offers relaxing hot springs and stunning views.

From Iwamuro and Tsukioka to Senami and Echigo-Yuzawa, each onsen has its own charm.

Enjoy tranquil countryside, terraced rice fields, and traditional towns—scenes that capture Niigata's true spirit.

Discover the Unique Flavors and Culture of Niigata

Niigata takes pride in its rich tastes and warm hospitality.

We're here to make your stay memorable.

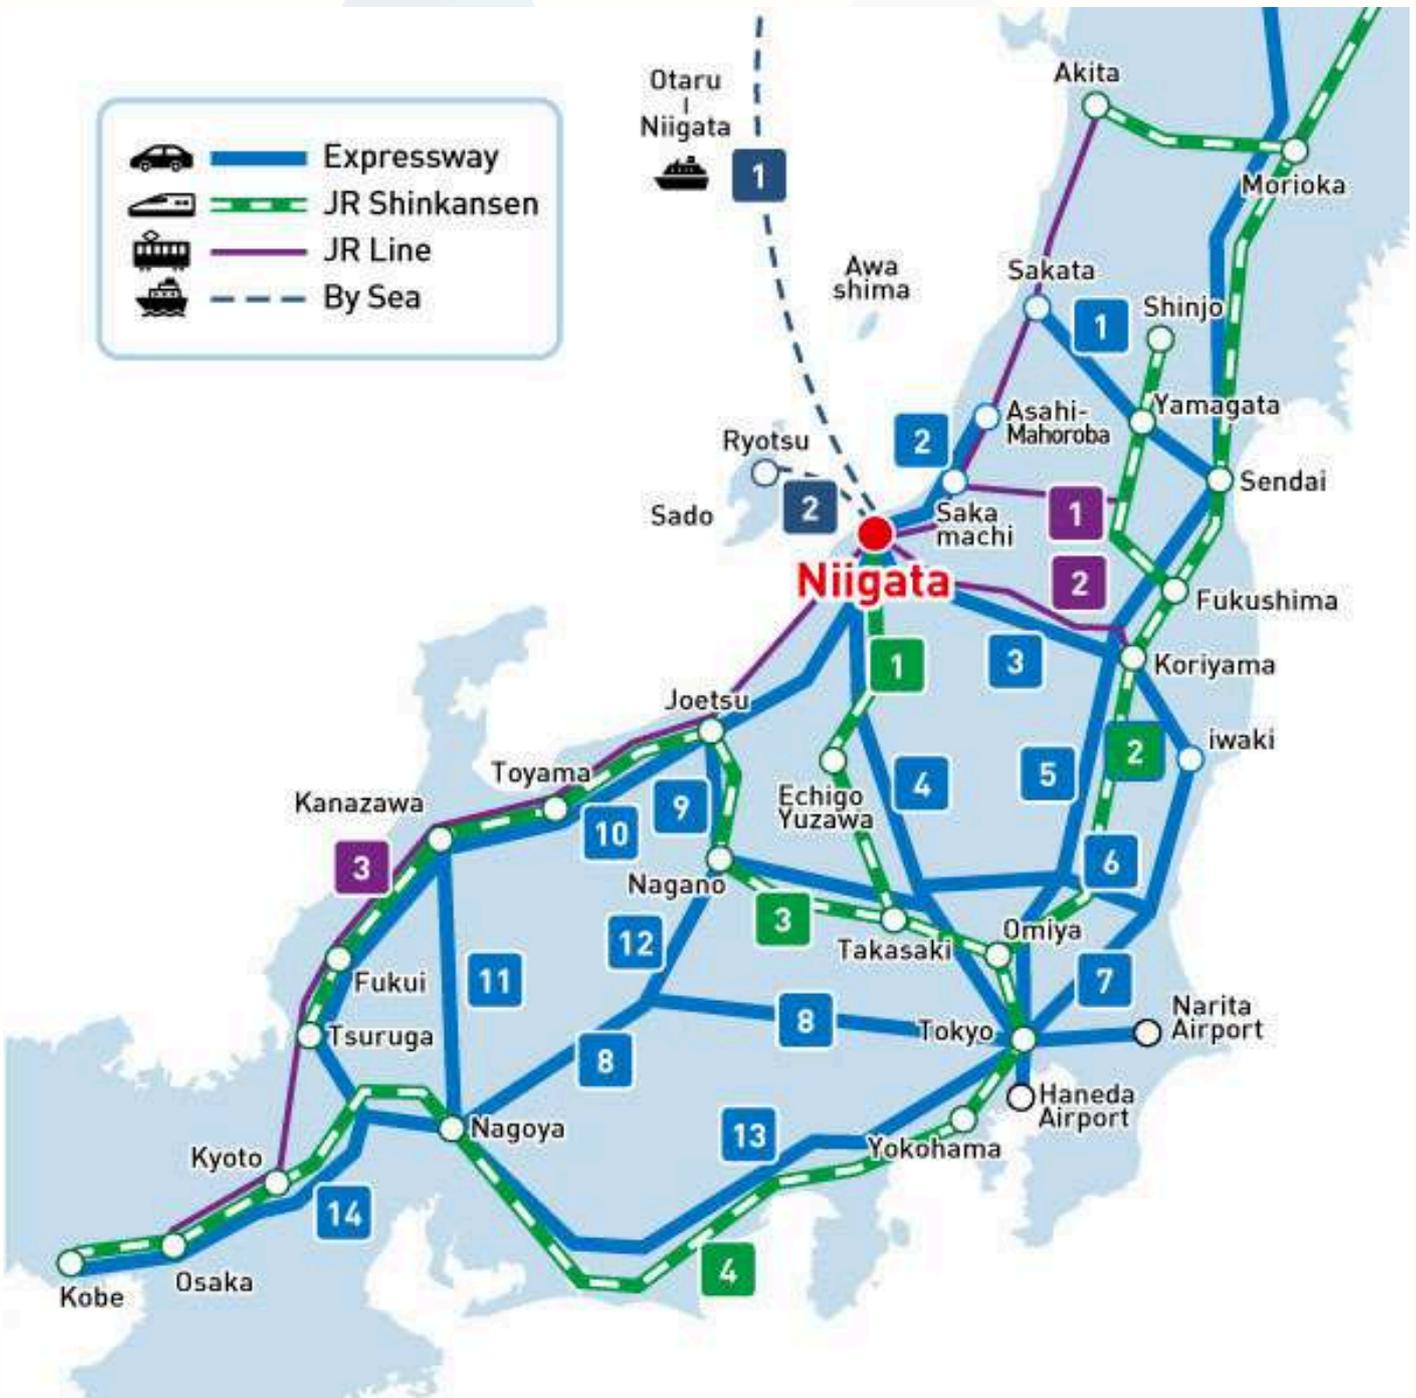

Take this chance to experience Niigata—
pure, honest, and delicious.
