

GRANT WHITSON

TOURING/RECORDING DRUMMER

ABOUT GRANT

Grant is a 24 year old drummer born and raised in California. As a founding member of the band Arlington, Grant wrote and recorded the drums and percussion for the album and performed on the subsequent US tour.

Although he's played drums since he was just 13, it was Grant's involvement with the 2015 Vans Warped Tour that ignited a love for performing music anywhere and everywhere. From the moment he first dabbled with recording drums in high school, Grant discovered this was a passion he needed to pursue. When not on the road, a good day for Grant is a day recording drums in his home studio.
