My Hearing Center News

Hello Everyone.

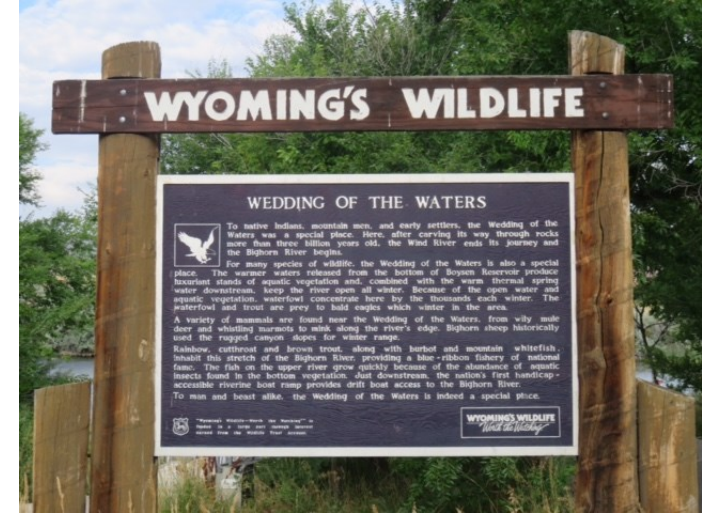

Some unfortunate news is that My Hearing Center will no longer be coming to Rendezvous Pointe for an indefinite period of time. If you need batteries, we will continue to have those on hand for you. If you need an appointment for cleaning or repairs for your hearing aids, you will have to call My Hearing Center in Rock Springs and make an appointment. 307-212-3234

We have been told that My Hearing Center services should return to Rendezvous Pointe at some time in the future. They hope this inconvenience will not last more than six months.

Volunteer

Once again Rendezvous Pointe is recognizing Melody Ames as our September 2022 volunteer of the month. Melody is always lending a hand. Thank you, Melody! We see what you do and we appreciate all that you do.

Gebo ghost town was founded in 1907 and was home for the Owl Creek Coal Company. At its peak the population was at 20,000 inhabitants! How sad that so much of the ruins were bulldozed under before it became a historical site.

We really had to work at finding it, since there were no signs marking the way! We seniors are persistent even with the 107* temperature! Wyoming history is amazing!!

I think as seniors we crave history much more than when we attended school!! Our Walk Program enriches our lives so much each summer and strengthens friendships with others. We thank

BOCES

for making these trips possible and doing so much for our seniors.

We are gearing up for our
An nual Holiday and Craft Fair!!

Paint Pots

If I could paint the world myself,
I'd take my favorites from the shelf
and make the sky a shiny green
with clouds bright orange and sparkly clean.

The leaves and grass I'd paint brave blue
and in the fall, a silver hue,
and for a river, lake, or sea,
a royal purple grape suits me.

Banana yellow for the night
with crimson stars which would delight
and complement a coffee moon
that waxed and waned and turned maroon.

And when I tired of this array,
I'd choose my paints another way.

Peek-a-Boo Moon

One bright but snowy night
a gleaming moon was showing
through a parting of the clouds
looking down upon our snowing.

Through this opening to the sky
I see something of which I've heard,
a manly moon looking down on me;
I've always found that quite absurd.

But there it is, I'm staring
and the moon's staring back at me.
There is much glory out there
and you never know what you'll see.
