

ConnextPay
Payment Solutions For Your Business

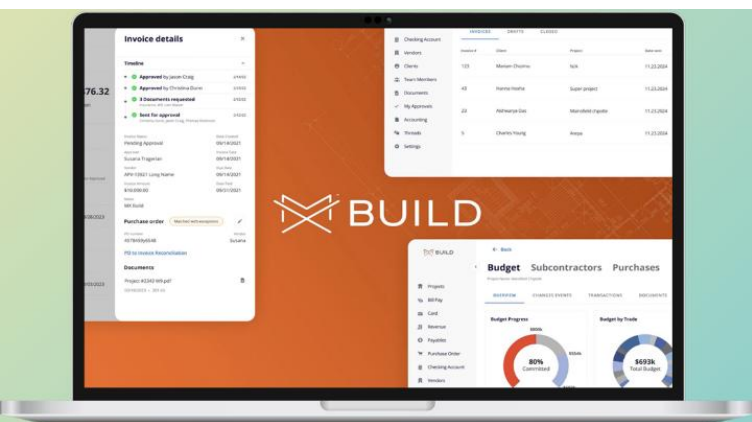

AN ALL-NEW FIELD SERVICE MANAGEMENT SOLUTION WITH ADVANCED AUTOMATION TOOLS THAT BENEFITS PEST CONTROL BUSINESSES

ConnexPay is proud to be a New Orleans based payment solution company with special benefits for members of the LPMA. Call us for a short demonstration of this great solution.

Optimize Field Service Management with Advanced Automation Tools

Key product features:

- ➔ **Field Service Management:** Job scheduling and crew dispatch. Real-time job logs and mobile field updates. Work order tracking and technician workflow.
- ➔ **Sales & Estimates:** Create formal proposals in minutes with AI-generated line items. Send branded estimates and track client approvals instantly.
- ➔ **Invoicing & Payments:** Automatically generate invoices based on job progress. Accept ACH and card payments in-platform with compliant Dual Pricing. Collect faster with smart reminders and follow-ups.
- ➔ **Payables & Receivables:** Automate AP and AR in one place. Capture invoices, route approvals, and process payments. Track incoming payments with built-in progress billing and subscription invoicing.
- ➔ **Profitability & AI Tools:** Track real-time job profitability and costs. AI classifies transactions to the correct job and cost code. No manual entry needed.

With embedded payments and AI-driven workflows, MX Build helps you:

- ➔ Run jobs more efficiently
- ➔ Automate your back office
- ➔ Reduce delays and errors
- ➔ Get paid faster
