Bridal beauty

Intentional. Refined

Our brides are drawn to beauty that feels flawless yet **natural** — soft, polished, Victoria's Secret-inspired glow. It's about feeling like yourself, just **elevated**.

We do *beauty* differently

THIS ISN'T A ONE-SIZE-FITS-ALL APPROACH

Think of Lana as your bridal expert friend with a refined, editorial touch to create a look that fits your personality, your vision, and the feeling of your day.

Never heavy.
Just timeless beauty — unmistakably you.

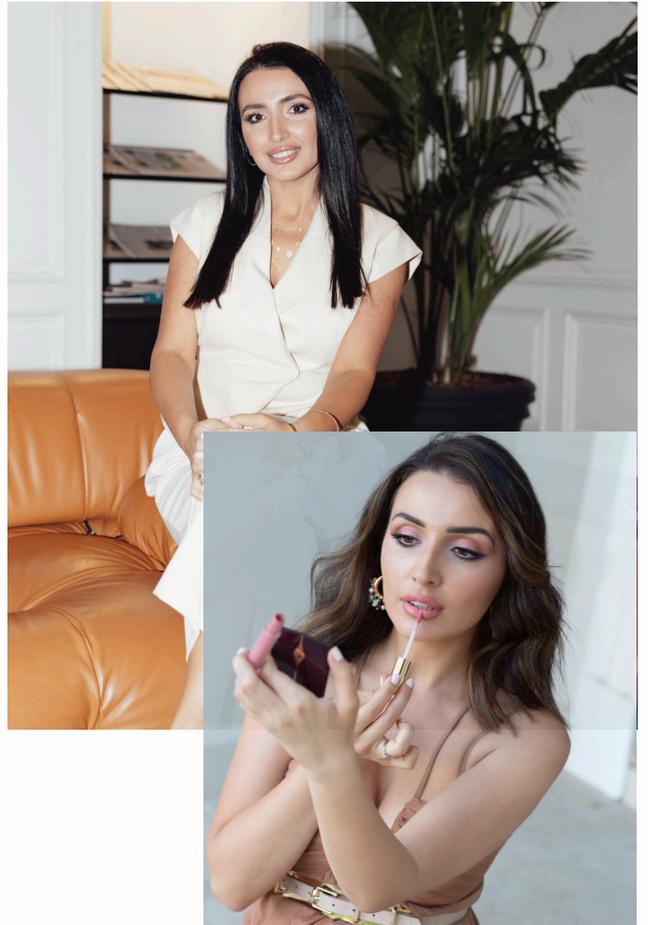

Photogenic. Effortless. Elevated.

"Lana was so helpful! My makeup lasted all day without needing any touch-ups, I absolutely felt so beautiful on the big day!"

-Mary

-I grew up painting with my grandma, oil artist, who taught me that beauty is in the details.

That love for artistry became makeup — and now bridal styling too.

Today, *I help brides with beauty* and dress styling, so you feel *supported*, confident, and truly you from start to finish.

Since 2014, I've helped brides like you...

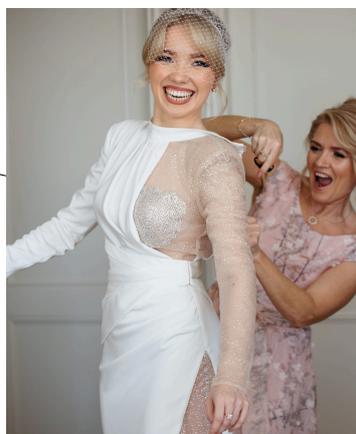

to move from second-guessing to *this feels so me* with intentional, elevated bridal beauty.

I create a bridal look that feels effortless, refined, and timeless.
