

# MY TRIP TO THE CHARITY SHOPS!

G(ENDER)ER SWAP

**I like looking at jackets in Charity shops and thinking about how I could customise them with patches, badges, paint, studs, etc.  
Here are some I spotted today!**

**I found lots of fancy shorts, skirts and jeans with cool patterns and designs on them. I would probably customise these more just to make them extra unique!**

**I spotted some cool shoes.  
I had visions of painting all over those white boots!**

**Flannel shirts are always great for layering and adding extra patterns to an outfit.  
Here I found a huge rail of them!**

**I always find rainbow organisation very satisfying.  
It makes it a lot easier to find what I'm looking for!**

**Speaking of rainbows, I found this cute t shirt which I ended up buying for just £2!**
