SERVICE DEPARTMENT – WELCOME OUR NEW MANAGER - CHARLIE

In the service department we now have a full-time service manager - Charlie Haworth! He will field all calls on the service side - if you need anything please do not hesitate to reach out to him directly.

On that note, it's also time to start planning on pulling boats out and starting the process of winterization. If you would like to get on the schedule, we would be happy to accommodate you and put you on the calendar. Please contact **Aquia Bay Marine Works at 540-720-6196** if you would like to get on the calendar early.

GATE CLOSURE – EFFECTIVE IMMEDIATELY

We will be closing the gate when we leave for the day, emails and phone calls will be made to all slip holders confirming the details of this closure, effective immediately. The code for the gate is 22554#. For our new slip holders, when you punch this code in the gate will open for you and once you are inside, the gate will automatically close. When you go to leave the gate will automatically open for you and then automatically close.

WIFI ACCESS

We no longer have KGI for internet service, we now have Comcast! The wi-fi network is now AQBM and the password is 12345678. We are working on a proposal to extend the service down to the docks, so we will keep you posted when we have that up and running!

SELLING YOUR BOAT?

One important note: If you are selling your boat, please let us know that it is for sale so we will know there might be a change in ownership. The contract does not automatically convey to the new owner. They will need to come in and see us to fill out a contract if they plan on keeping the boat here and give us their contact information and insurance information.

Thank you for your continued business, we appreciate each one of our valued customers.

Thanks,
