DIGITAL IMAGE CORRELATION – FULL FIELDED OPTICAL 3D DEFORMATION AND STRAIN MEASUREMENT, FROM TEST LAB TO FIELD

Eric Schwartz
Applications Engineer
Trilion Quality Systems
Schwartz@Trilion.com
Phone: 215-710-3000

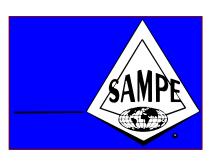

Fax: 215-710-3001

Trilion Quality Systems is pleased to present to the SAMPE local NJ chapter "Digital image Correlation – Full-field Optical 3D Deformation and Strain Measurement, from the Test Lab to the Field". Profiling full field optical techniques and their applications; some traditional and some not so traditional. The speaker representing Trilion is Eric Schwartz, an up and coming young Mechanical Engineer from Drexel University.

Eric will give a presentation on the technology followed by a demonstration of this cutting edge measurement method. It's full-field capability makes it ideal for computer model validation, and is used in industries as diverse as aerospace composites, automotive welding, microelectronic thermal warpage and biomechanics.

Trilion Quality Systems was started in 1998 by John Tyson, PE, a leader in optical inspection technology, to support industry with optical strain measurement and nondestructive testing systems and services. Our team has more than 35 years experience solving complex testing applications and delivering cutting edge quality products.

We specialize in technical and market development of innovative optical inspection systems, providing our customers with application and test method development, inspector training and certification, advanced technology inspection services, supporting our customers with the 3D Image Correlation, Photogrammetry, ESPI (holography) and Laser Shearography NDT technologies.

NEW NJ SAMPE WEBSITE

Visit www.NJSAMPE.org

We now have a website. We need lots of input and recommendations from you to make it useful. All of our sponsors have links to their sites. If you are a sponsor, please make sure it's linked to the right site. If you are a consultant and want your resume on line, we have a place for that too. Also on the website you will find a history of our chapter and even our Bylaws. There's also a history of the Bridge Building contest, going all the way back to when it was only a NJ high school contest.

So visit the website and get back to us with your recommendations and ideas and critiques. Please send them to hskliger@comcast.net.
