

## **Call for Presentations**

### **New Jersey Additive Manufacturing Symposium**

#### **Rutgers University – New Brunswick**

#### **Richard Weeks Hall of Engineering**

**June 14, 2019**

The NJChapter of SAMPE(Society for the Advancement of Material and Process Engineering), in cooperation with the Rutgers School of Engineering, is sponsoring a one-day symposium at Rutgers highlighting additive manufacturing technology, research, and collaboration in the Greater New Jersey metropolitan area. This will be an opportunity for material and equipment suppliers to showcase their products and for researchers to present their ongoing projects and interests and explore collaboration and sponsorship opportunities. Sessions will include:

**Processes and research**  
**Materials development**  
**Equipment development**  
**Production experience and applications**

We invite equipment and material suppliers, and end users/manufacturers to submit brief abstracts of presentations that will be made at the symposium (400 word max). Power Point presentations will be 30 minutes in length. The Symposium will collect and distribute all presentation materials to attendees. No formal papers are required for presentations.

Deadline for abstracts: April 30, 2019

Submit abstracts to: [3Dprinting@njsampe.org](mailto:3Dprinting@njsampe.org) (Word format name.docx)

Additional information including Registration fees, hotel, tabletop displays can be found at [www.njsampe.org](http://www.njsampe.org).

Other questions, go to [inquiry@njsampe.org](mailto:inquiry@njsampe.org).
