FIRE SAFETY DOORS • GLAZED DOORS • FIRE RATED GLAZING • HEALTHCARE DOORS

**ABOUT US**

Selens is a subsidiary of LENS group of companies. With about 30 years of experience in the metal fabrication industry, we bring to you architectural products with a focus on aesthetics and quality that is unmatched. Adherence to standards and constantly testing ourselves sets us apart.

120 minute fire rated doors - Our door configurations are constantly tested in the most accredited facility in India CBRI, IIT Roorkee. All doors are tested as per IS 3614 part 2 and BS 476 part 22 standards. Testing under such standards is a must to ensure high level of protection for life and property.
