Model By-laws & Instructions

*The following by-laws are provided by the national office as a model for establishing local Chapter by-laws. The criteria mandated by the national charter of a local Chapter is in **bold**, and although bold text may be changed, the intent may not. Many local Chapters will choose to set additional fees, higher standards, or specify other criteria according to their situations.*

Chapters must submit their by-laws to the national office for approval. Any changes in the by-laws require re-approval from the national office. By-laws are approved based on inclusion of the intent of all bold text in this model and by exclusion of all discriminatory, non-academic, non-charitable, or non-professional criteria. Additional criteria for Chapter By-Laws are:

Article III.A. GPA may be higher, but not lower
Article IV.A. Funds may be more but not less

An electronic version of this document is available by emailing the national office.

BY-LAWS OF THE ARKANSAS ALPHA CHAPTER OF LAMBDA NU

Article I
Name, Location, and Color Identity

The name of this organization is the Arkansas Alpha Chapter of Lambda Nu, the national honor society for the radiologic and imaging sciences.

This Chapter is established at Arkansas State University, State University, Arkansas.

$\lambda\nu$

Lambda Nu's name is derived from the lower case Greek characters in the formula $\lambda\nu$, which represents the physics of the inverse relationship between wavelength (λ) and frequency (ν), an essential parameter across the diversity of modalities comprising the professions.

ΛN

In a similar manner, Lambda Nu uses the upper case Greek characters Λ and N to represent the inverse relationship and delicate balance required between the art and the science inherent in the radiologic and imaging sciences professions of radiography, radiation therapy, nuclear medicine, diagnostic medical sonography, cardiovascular-interventional technology, mammography, computed

tomography, magnetic resonance imaging, quality management, and bone densitometry.

Lambda Nu's colors are maroon for the radiologic sciences, forest green for the health professions, and gold, the ancient color of honor.

Article II
Purpose

The purpose of this Chapter is to:

foster academic scholarship at the highest academic levels
promote research and investigation in the radiologic and imaging sciences
recognize exemplary scholarship

Article III
