---

## Faculty Research Grants Information

1. Faculty who have received a previous grant are not eligible for a second.
2. Submit all documents via email as one packet to:

Donna Caldwell, Ed.S., RT(R)(CV)  
Executive Secretary of Lambda Nu  
(870) 972-2952  
[lambdanu@lambdanu.org](mailto:lambdanu@lambdanu.org)

## *Lambda Nu National Honor Society in the Radiologic & Imaging Sciences*

## **Research Grant Application**

*The Lambda Nu Application process is designed to facilitate a simple and efficient grant-seeking and grant-making process. It is important that submissions demonstrate the strategic link between your proposal and the radiologic and imaging sciences professions. Submission of your application certifies that you have applied for all necessary approvals by appropriate boards or committees at your institution. It further certifies that the application contains no misrepresentations or falsification and that the information given is true and correct to the best of your knowledge. You should further understand that if these funds are granted, submission will be required of a progress and/or final report to the Lambda Nu Board of Directors. Any publications resulting from this research must state that the Lambda Nu Honor Society funded/partially funded this project. Submission of this application grants Lambda Nu permission to place the awarding of the grant and any data on the Lambda Nu web site should the Board of Directors choose to do so.*

Application narratives must include the following sections in the order below:

**Part 1: Cover Page that includes:**

1. Title of Project
2. Name of Investigator
3. Institution
4. Lambda Nu Chapter
5. Mailing Address of investigator
6. Phone number
7. Email address

**Part 2: Narrative**

1. Briefly describe your institution and program
2. Purpose of Grant
  - Briefly describe the proposed program or project (not to exceed 2 pages) to include:
    - Description of project goals and measurable outcomes
    - Description of activities planned to accomplish goals
    - Explain how this work is relevant to the radiologic sciences
    - Timetable of accomplishing goals
    - IRB approval if applicable
3. Evaluation
  - Explain how you will *measure* the effectiveness of your activities as they relate to educational efforts.
  - Describe your criteria for success.
4. Budget
  - Budget for requested funds
  - Justification for funds

**Part 3: Reporting**

Submit a report of findings every 6 months and a final report based on the submitted time-line.

**Part 4: Attach resume/vita of principle investigator**

Submit completed application via e-mail to:
