

*Next Time You Hear Thunder in the Sky,
Know It's 19 Proud Marines Yelling Semper Parati!*

Nighthawk-72 Memorial Fundraiser

What is Nighthawk-72?

On April 8, 2000 about 8 pm Marines were conducting training exercises near Marana Regional Airport when their Osprey V-22 Tilt Rotor went down.

The call sign for that flight was **Nighthawk-72**.

The memorial for the 19 Marines lost in that tragic accident is at Avra Valley & Sandario. It is not well known.

With your help, Marine Corps League Detachment 1344 can change that!

We need sponsors for signs along I-10 and to make updates to the crash site memorial.

Yes, I want to sponsor this project.

SPONSORSHIP LEVELS:

\$500 - 10"x10" Engraved Granite Paver

\$250 - 4" x 8" Engraved Red Brick Paver

(Samples shown are not exact.)
