

## Rapid Install For Continuous Row Applications

Single Tool Installation

Through wiring with quick connect options

### FEATURES

Hanger brackets allow easy mounting to overhead framing anywhere along the luminaire (= **labor savings**)

Everything is included to make seamless joints for continuous row mounting (= **labor savings**)

Sleek 2" by 2" profile reduces disruptions to cooling air flow

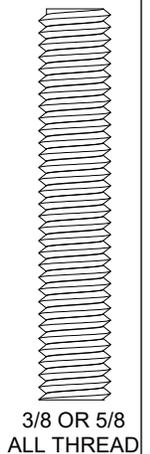

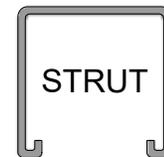

Integral 120/277V driver

L70 > 72,000 hours

Color consistency < 3SDCM

Hot aisle compatible up to 120° F

### EASILY MOUNT TO A VARIETY OF OVERHEAD FRAMING

**ORDERING GUIDE**

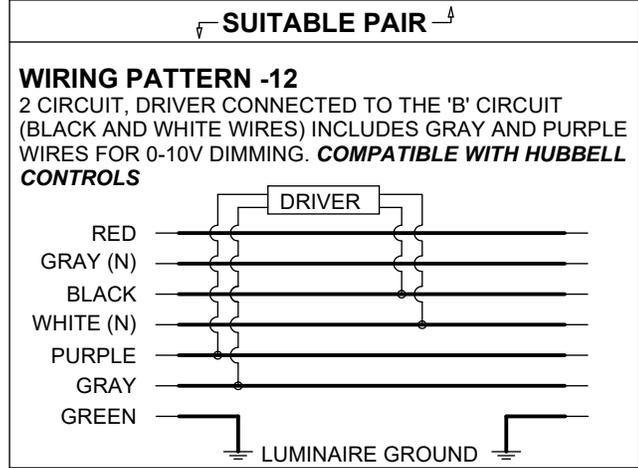

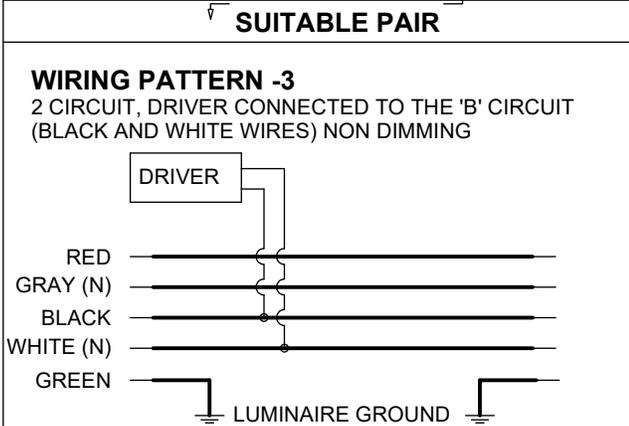

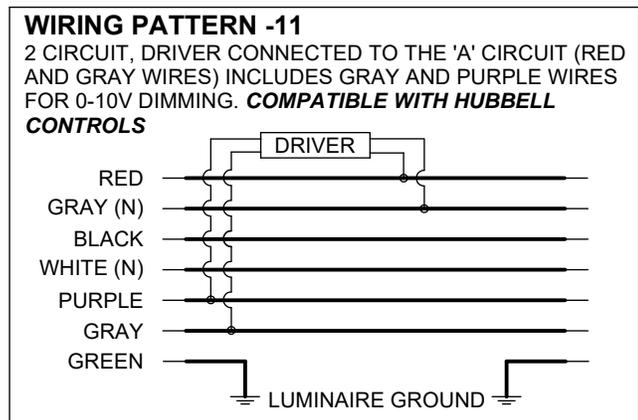

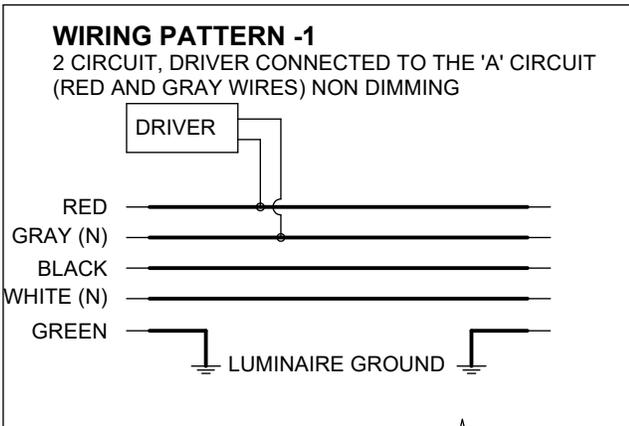

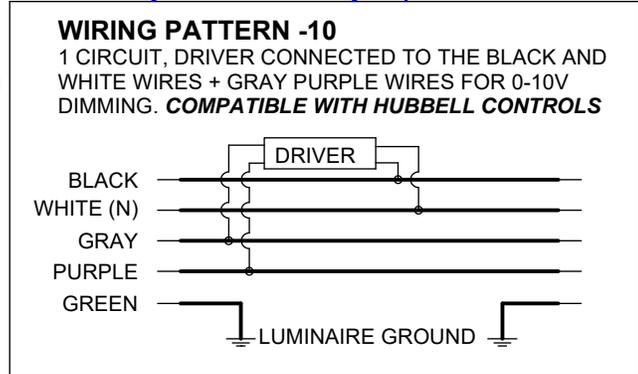

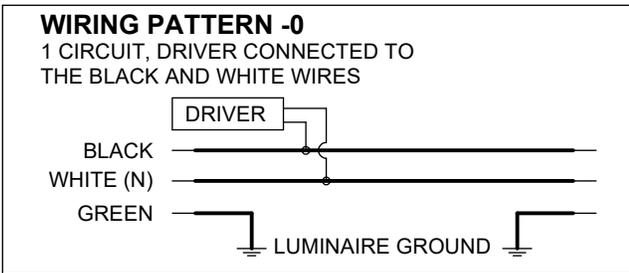

How to build a part number	Product Series	Light Output	Length in Inches	Wiring Pattern	Battery Backup	Wire Connectors	Control Options
Part number format	51L	N	96	-10		-WN	-NXSPL
Choices	51L	N= Normal approx. 500 lumens per foot H= High approx. 610 lumens per foot *U= Ultra High, approx. 819 lumens per foot *For custom output, specify lumen target up to <b>1150</b> lumens per foot.	24 48 96	-0 -1 -3 -10** -11** -12**	-EM= 10W Battery Backup -Y= Additional unswitched hot circuit †	-QC= Quick Connect for continuous row mount applications, see feed end notes on page 3 -WN= Wire Nuts for individual or continuous row mount applications	Standalone or Control fixture -PIR: Occupancy sensor -NXSPL: Hubbell NX™ PIR Occupancy/ Daylight sensor  Wireless Networked fixture (Hubbell NX™) -NXWE: Radio module, no sensor -NXSPWL: PIR sensor and radio module

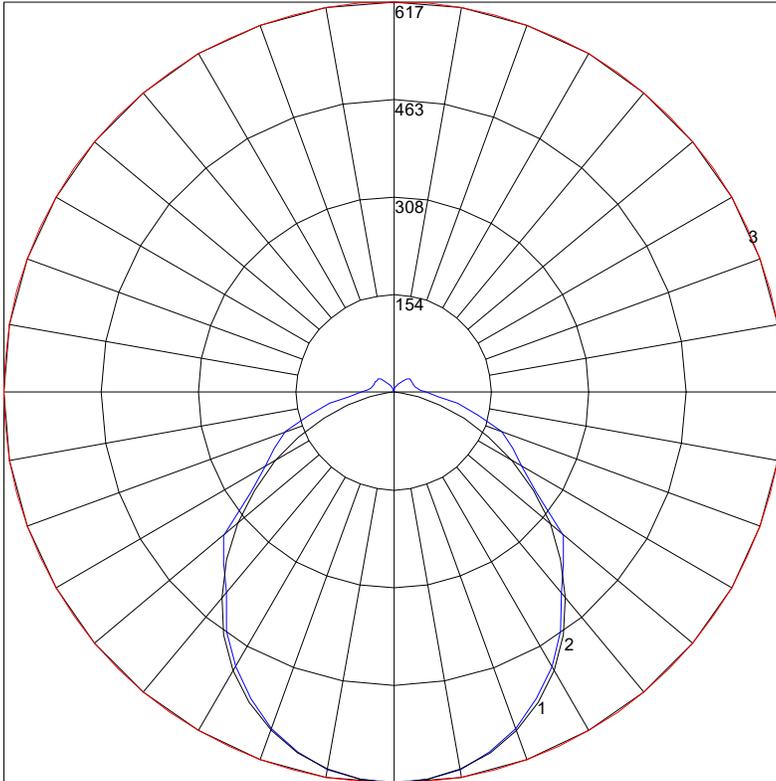

\*Note: Hot aisle only compatible with normal and high output.

\*\*Note: Controls only compatible with wiring patterns: -10, -11 and -12. All luminaires down stream controlled by control fixture must have the same wiring pattern.

†Note: "-Y" Indicates the addition of an extra unswitched hot lead. This is only appropriate for fixtures in continuous row with an -EM fixture. Not necessary in a -EM fixture as it is already equipped with the unswitched circuit.

Consult factory for other control options and brands, we will work with you to accommodate your preferred brands

Polar graph for 51LN48

NORMAL LEVEL FIXTURES*		
OAL LENGTH	WATTAGE	LUMENS
24"	7.7	889
48"	15.9	1873
96"	31.8	3746

HIGH LEVEL FIXTURE*		
LENGTH	WATTAGE	LUMENS
24"	10.8	1245
48"	22.25	2623
96"	44.52	5245

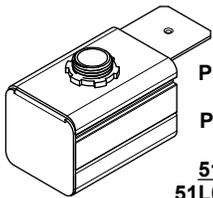

ULTRA HIGH LEVEL FIXTURES*		
LENGTH	WATTAGE	LUMENS
48"	28.5	3277
96"	56.9	6544

**NOTE: Custom lumen outputs available up to 1150 Lumens per foot**

\*Lumen values approximate. High level fixtures should be specified for installs 9' high and above, or for wide aisles, or when black or dark cabinets are used. Ultra high is ideal for general real estate lighting above 11'.

### Related Components

NOTE: 1 feed end and 1 blank end are typically required per row. 2 hanger brackets required per fixture.

Top Feed Assembly  
Part No. (For use w/ wire nuts):**51L01A**

Part Nos. (For use w/ Quick Connects)

**51L01A-0** (Use w/ wire pattern -0)

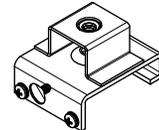

**51L01A-1/3** (Use w/ wire pattern -1 or -3)

**51L01A-11/12** (Use w/ wire pattern -11 or -12)

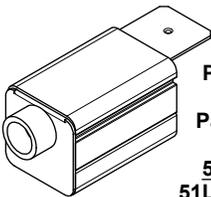

**51L01A-13/14/15** (Use w/ wire pattern -13, 14 or -15)

Part No. **5110B**  
Blank End
