

High Performance Program 2025/2026

In 2021, BC Sport Cheer partnered with the Canadian Sport Institute Pacific (CSI-P) to offer the opportunity for BC athletes to be recognized as High Performance athletes within the Sport of Cheerleading.

Eligibility:

- Athlete must be intending to Cheer for the 2025-2026 Season
- Athlete must have been registered as a BC Sport athlete for the 2024-2025 season
- Athlete must have competed at the BC Provincial Championships in 2025 (either as a team or in a group or partner stunt), or have a special circumstance (competing at a conflicting National Championship etc)
- Athlete must meet requirements as set out below to fulfill the P1 or P2 standards OR must be a rostered athlete on Team Canada Senior National All-Girl or Coed

High Performance Pathway - Provincial Designation

The following skills will be used by BC Sport Cheer evaluators to identify High Performance Athletes in BC. The progressions listed below are skills necessary to compete at the highest level of Cheerleading, and necessary to move from the Provincial Level, to Canadian Podium Designation.

Group Stunt

Athletes will be required to perform all skills within a base group (of 4). All basket requirements can add a front spot of their choice. All basket and stunt sequence skills must be performed. For additional requirements, each athlete may select the tumbling OR the stunting skills (not a combination of both). Groups may choose to demonstrate both the additional tumbling and stunting if only a portion of the group is able to tumble.

HOW TO APPLY

The process for all athletes is simple! Fill out an application form (1 per group) and provide BCSC with a link to your skills video demonstrating the P1 or P2 skills.

Please use this link: <https://forms.gle/Hzi16asNwSm3runV6> to register by OCTOBER 31st 2025

Please only submit one form per group and a coach evaluator will review your skills video and determine if a live zoom evaluation is necessary. Zoom assessments will be 15 minutes in length and you could be asked to demonstrate any of the stunting/tumbling skills if needed.

Note: it is possible for not all participants to receive designation within a group. If not all athletes perform the tumbling requirements, or are unable to satisfy the additional stunting requirements—one or more members may NOT be selected. In addition, coach evaluators may determine that the execution of skills performed does not meet the Provincial Standard.

Successful applicants will be notified by BCSC and will receive the next steps to register through CSIP.
