

NOVA SCOTIA

RATE BASE PROCUREMENT REQUEST FOR PROPOSALS

Erratum 3: Corrections to Section 8.2 Definitions

The Procurement Administrator is issuing the following Erratum to Section 8.2 (Definitions) of the Rate Base Procurement Request for Proposals (RFP). The corrected version of the RFP that contains the corrections outlined in this Erratum has been uploaded to the RFP tab of the RBP website, and the original version has been removed. Below, the Procurement Administrator has included the corrected section, as well as a redline outlining the changes made.

Corrected Sections:

8.2 DEFINITIONS

Majority Owned Mi'kmaq Project	means a Project in which the Mi'kmaq of Nova Scotia possess an ownership interest that is a Controlling interest.
Minority Owned Mi'kmaq Project	means a Project in which the Mi'kmaq of Nova Scotia possess an ownership interest that is not a Controlling interest.
Renewable Low-Impact Electricity Generation Facility	means a generating facility that generates Renewable Low-Impact Electricity and has received all approvals and permits required under the Regulations or any other applicable enactment

Redline Between Corrected Section and Original Section:
