# Our Story

My story is like that of many that grew up in rural America. I started hunting and fishing before I can remember. I fished and hunted in every lake, pond, woodland, field and row crop boundary that made up our home in Central Missouri. My parents had wanderlust for travel and before I was an adult, I had traveled, hunted, and fished around the globe. From fishing the remote jungles of Colombia and Brazil, to the mountain streams in the Argentine Andes, we experienced the world. I was even able to kill not one, but two elephants in old Rhodesia and take a Cape Buffalo and plains game. In those days, we were charged by so many Black Rhinos we would lose count daily.

After graduating from Westminster college with a BA in business and finance, myself and some college buddies took a "what is life about trip" to southern Louisiana. We purchased a small box freezer full of shrimp to help pay for our trip and for my father, who owned a large restaurant. After making a very profitable trip with that first load of seafood (not to mention the adventure), my future was set on a different path. Safari Unlimited was founded in 1986 when I announced to my mother's despair that I would not be attending Pepperdine Law School in the fall, but instead starting a business in Seafood & Hunting. As a trained chef, the first few years concentrated more on the seafood end of things, along with alligator hunts in Louisiana and whitetail in Missouri. Married in 1990 to my lovely wife, Sarah, we were soon concentrating just on hunting and fishing. From Australia, fishing the barrier reef for Black Marlin, to Zimbabwe, camped out on Leopard baits we continue our love for adventure travel.

Over the last 37 years, we have expanded our business to several areas of the world. "Experience the world one adventure at a time" is our tagline and based on the principle that every trip is an adventure and the client experience paramount to our success. Our company is a leader in supporting hunting and fishing conservation. We donate over \$350,000 annually to conservation efforts worldwide. Our family, along with our ProStaff Guides and Outfitters welcome you to experience the world with us! We have only one question for you: Can You Handle the Adventure?

# Namibian Safari

Nestled near the Caprivi Strip in Namibia, Eldoret Safaris' vast properties border the unfenced Bushman tribal lands that contain several different ecosystems. This is a classic African "on foot" plains game safari behind bushmen trackers. Most days will result in slow tracking 6-12 miles. But nothing quite matches the excitement of tracking a free ranging Eland, Kudu or bull Giraffe; these beasts pay no attention to a fence of any size. Every evening, fresh game tenderloin along with local favorites and a cold Windhoek lager await your return. After a successful hunt, you will travel to spend the next few nights on the banks of the Okavango River or the beaches of the Skeleton Coast. You'll be comfortable in our bungalows with open air brie's during your adventure. These trips include two days fishing for the mighty Tiger fish and Vundu on the river, or big Bronze sharks, Steenbras and Kob on the beaches. This trip is a rare treat of unspoiled Africa in one of the safest countries on the continent.

# Texas Hunting Adventures

Known as the "Ribeye of the sky", this 3 day/3 night hunt will give you the perfect taste of adventure! Come explore thousands of acres of the flatlands of west Texas while you chase the beautiful Sandhill Crane. This package includes lodging and breakfasts at a local hotel and hearty meals and cold drinks served by staff every evening in a beautiful converted barn, or we will take you to taste the cuisine at some of our favorite restaurants. The Diamond Wing Outfitters staff and guides will give you a fun filled trip while you enjoy gorgeous sunrises and good company! Each evening your guide will provide you with the pin location of where the next day's hunt will be after they have scouted the best spot to take our chances with this migratory species. Near or Far we can drive up to an hour away to find the biggest group of cranes possible, but the spread will be set and ready for you when you arrive! Typically we hunt out of layout blinds or A-frame style brushed blinds along irrigation turrets or ditches. ("There ain't much to hide behind in West Texas") Limits are 3 cranes daily and 5 Lesser Canadians per hunter. With that said, if you're a bird hunter you know how migratory birds can be, and sandhill cranes are a notoriously difficult bird to decoy. With our experienced crew we will use our knowledge to the best of our ability for you to enjoy the beautiful sight and sound of these cranes as they pile into the region for their migration farther south. We typically finish hunting around 11am each day. This gives you ample time to get back to the hotel, grab lunch in town and take a nap before we join you for dinner, and the hunting stories can commence. If your trophy room needs a monster pronghorn antelope hunt with us on over 250,000 acres of private ground. So, grab your gun and join us in and around beautiful Canyon, Texas for a trip to remember!

# Alligator Gar Fishing

We are excited to present a unique fishing trip for the massive and prehistoric alligator gar. Capable of reaching in excess of 300 pounds, these creatures patrol the swamps and bayous of South Louisiana in search of schools of fish. Sometimes traveling in large groups, they will slash through bait fish turning and picking off all the wounded and dazed prey. Your adventure will include setting jug-lines with fresh bait each evening only to return to the same waters in the morning searching for bobbing and moving jugs. Similar to a jaws movie, you will chase the disappearing jugs as they appear, and in a fleeting moment, vanish again. Once captured, you will fight your quarry to the boat-side and dispatch the fish beast in a variety of methods from hammer to pistol. Catching a true trophy the size of a full grown man, is a regular occurrence. In addition to garfish, reel in a few catfish right from the dock.

*Can you handle the adventure?*
