# Our Story

My story is like that of many that grew up in rural America. I started hunting and fishing before I can remember. I fished and hunted in every lake; pond; woodland; field; and row crop boundary that made up our home in Central Missouri. My parents had wanderlust for travel and before I was an adult, I had traveled, hunted, and fished most of the world. From fishing the remote jungles of Colombia and Brazil, to the mountain streams in the Argentine Andes, we experienced the world. I was even able to kill not one, but two elephants in old Rhodesia and take a Cape Buffalo and plains game. In those days, we were charged by so many Black Rhinos we would lose count daily.

After graduating from Westminster college with a BA in business and finance, myself and some college buddies took a “what is life about trip” to southern Louisiana. We purchased a small box freezer full of shrimp to help pay for our trip and for my father, who owned a large restaurant. After making a very profitable trip with that first load of seafood (not to mention the adventure), my future was set on a different path. Safari Unlimited was founded in 1986 when I announced to my mother’s despair that I would not be attending Pepperdine Law School in the fall, but instead starting a business in Seafood & Hunting. As a trained chef, the first few years concentrated more on the seafood end of things, along with alligator hunts in Louisiana and whitetail in Missouri. Married in 1990 to my lovely wife Sarah, we were soon concentrating just on hunting and fishing. From Australia, fishing the barrier reef for Black Marlin, to Zimbabwe, camped out on Leopard baits we continue our love for adventure travel.

Over the last 35 years, we have expanded our business to several areas of the world. “Experience the world one adventure at a time” is our tagline and based on the principle that every trip is an adventure and the client experience paramount to our success. Our company is a leader in supporting hunting and fishing conservation. We donate over \$350,000 annually to conservation efforts worldwide. Our family, Drake, Sarah, Michael, Karlin, Nicole, and Hunter, along with our ProStaff Guides and Outfitters welcome you to experience the world with us! Both our professional and personal family continues to grow with the addition of two outdoor loving son-in-laws and more adventures. We have only one question for you: Can You Handle the Adventure?

## ALLIGATOR GAR FISHING

We are excited to present a unique fishing trip for the massive and prehistoric alligator gar. Capable of reaching in excess of 300 pounds, these creatures patrol the swamps and bayous of South Louisiana in search of schools of fish. Sometimes traveling in large groups, they will slash through bait fish turning and picking off all the wounded and dazed prey. Your adventure will include setting jug-lines with fresh bait each evening only to return to the same waters in the morning searching for bobbing and moving jugs. Similar to a jaws movie, you will chase the disappearing jugs as they appear, and in a fleeting moment, vanish again. Once captured, you will fight your quarry to the boat-side and dispatch the fish beast in a variety of methods from a ball bat to pistol. Catching a true trophy over 100 lbs. is a regular occurrence. In addition to garfish, reel in a few Redfish and catfish right from the dock.

Once spotted, make a stalk using our weapons and ammo topped with the latest in Thermal imaging scopes. Many large boars are taken on this hunt, but the best eating are the sows and smaller ones. Make sure to bring along a big cooler because at the price of meat these days this is a good chance to fill your freezer. No limit on pigs for this adventure.
