

Your Vision, Our Precision

The IoMech Advantage

IoMech

UK Innovation, Precisely Manufactured

IoMech provides on-demand manufacturing, backed by decades of high-precision experience in sectors like Medical, Robotics, and Aerospace. Our UK-based team offers engineering support, including design optimisation and quality assurance, to help bring your designs to production.

Assured Quality, UK Expertise:

- **ISO 13485 (Medical Devices) & ISO 9001 (QMS)**
- **UK-based Engineering Support:**
Design optimisation, product validation and certification services

Comprehensive Capabilities:

(3 manufacturing facilities in Dongguan & Shenzhen):

- **Rapid Prototyping:**
CNC Machining, 3D Printing, Vacuum Casting, Sheet Metal and Injection Molding.
- **Production:**
High-Precision CNC Machining (Metals & Plastics), Injection Moulding & Tooling, Die Casting.

Why choose us?

Quote within 48 hours

Lead times starting from just 10 working days

Our Guarantee:

Immediate rework and freight covered for processing issues.

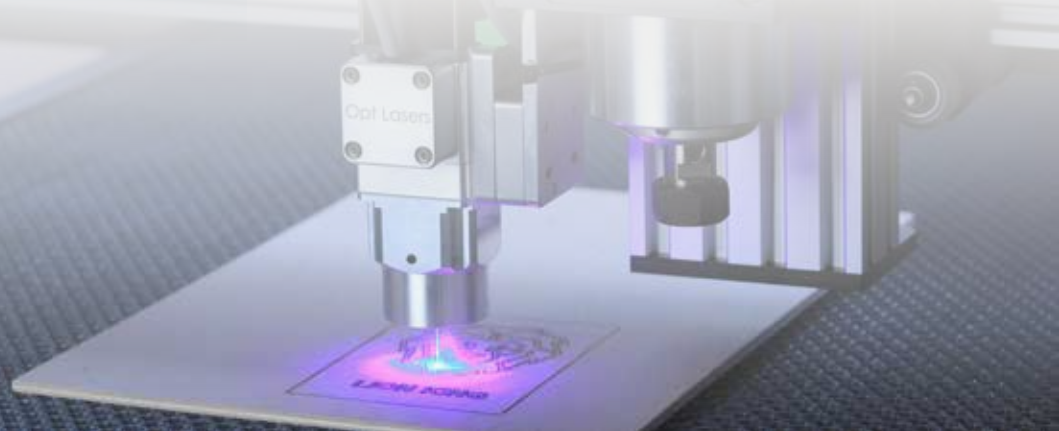

We strictly adhere to all Non-Disclosure Agreements

Certificate of materials:

Provided with each project

Speed, Value & Flexibility:

Fast Quotes & Short Lead Times:

Quotation within 48 hours.

Lead times:

Prototypes within 10 working days, small manufacturing batches within 15 days

Extensive Material Inventory: Ensuring faster lead times for your projects.

Exceptional Value: High-quality manufacturing at competitive prices.

Zero MOQ: Supporting Your Innovation from Prototype to Small Scale.

Our Services

CNC

Advanced machining
(up to 5-axis)
Large structure support
(up to 2.4m)
CNC Grinding

MOLDS & Molding

Injection Molding
Stamping Die
Die Casting

Sheet metal

Laser cutting
Blanking
Bending
Punching

Surface treatment

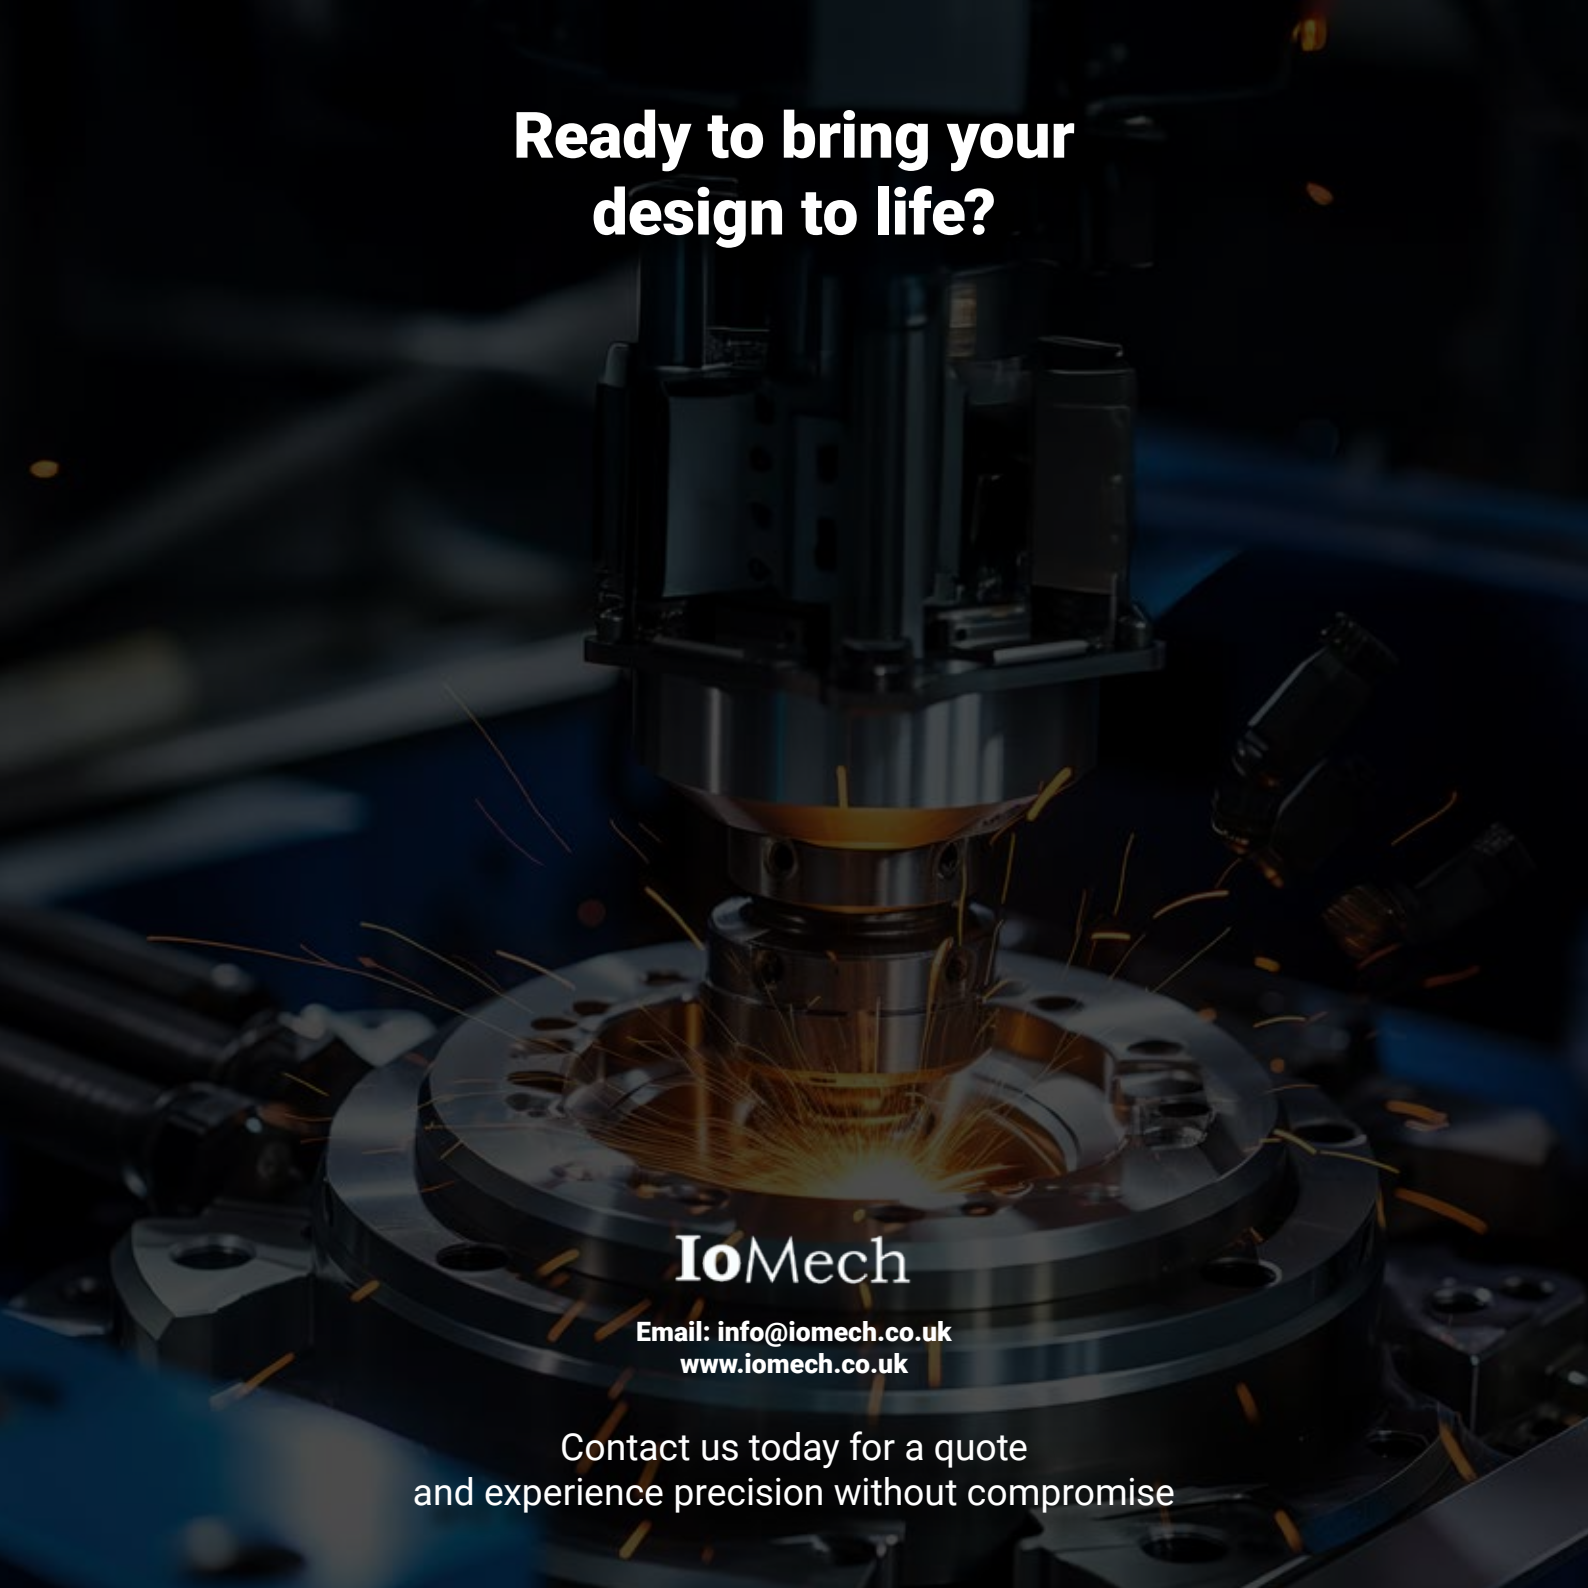

Anodizing, Electroplating
Powder Coating, Painting
Welding
Silk Screening

3D Printing

SLA
SLS
Metal printing

Engineering support

Design optimisation
(DFM, FMEA, QFD)
Product Testing and
Certification

**Ready to bring your
design to life?**
