6. Mayor Carolyn Hoover's Statement of Town's Condition

Mayor Carolyn Hoover submitted the following statement regarding allegations made by Councilman Pamela Sutphin, stating that she protested (disputed) the allegations that were made.

Protest (Dispute) #1 by Mayor Carolyn Hoover.

I'm addressing allegations made by Pamela (Shelly) Sutphin in her email dated November 02, 2025, and her reference to the same email in the Special Council Meeting on November 6, 2025. At both times Pamela (Shelly) Sutphin claimed I have not responded to her phone calls or messages. This allegation cast a negative light on my character, and since I don't have issues receiving communications from others, I sought to clarify the situation by obtaining my phone records and messages from my service provider who confirmed that I did not receive any calls or messages from Shelly.

Protest (Dispute) #2 by Mayor Carolyn Hoover.

I'm addressing allegations made by Pamela (Shelly) Sutphin in the same afore mentioned email regarding her unawareness of scheduled special meetings and feeling she was purposefully excluded. Such statements cast a negative light on the office staff, council, and Mayor. The council has not, nor will we, attempt to manipulate meetings to promote an agenda. Since the current administration assumed office, there have been three special meetings; Ms. Sutphin missed the first and attended the following two. She indicated she left a message after the first meeting; however, it was not in the phone records.

7. Old Business

- a. Temporary or Parttime help in the November 6, 2025 Mtg.

In protest of the motion to table the hiring of temporary help in the Special Meeting on November 6, 2025

Essential public services are being adversely impacted by the increased workload of the Mayor, Clerk, and Recorder including the management of substantial backlogs of records through the 1800s. Preservation and organization of these documents is vital due to legal and historical worth. We have a unique opportunity to address this situation. Neglecting this will impede our ability to provide public safety, infrastructure maintenance, and administrative functions to our citizens. Effective decision-making relies on past experiences, properly documented and filed. Hiring part-time assistance during this critical period is a necessary step to fulfill our commitments to this community.

Debbie Pierson, Town of Sutton Recorder
