Spotlight Story

We are thrilled to announce that Favor Academy of Excellence has officially launched the Chick-fil-A Leader Academy™! This high school leadership program is designed to empower our students through project-based learning and practical service opportunities.

To kick off the launch, we were honored to host local Chick-fil-A franchise owner Mike Moore, who shared insightful words of advice and motivation with our student leaders. As their first service opportunity, students immediately got to work by stuffing bags of books for elementary students, participating in Chick-fil-A's generous Million Book Giveaway Campaign. We look forward to seeing the powerful impact this program will have on our students and community!

Students in the Personal Fitness course got a huge boost in practical knowledge this month! They took a field trip to L.A. Fitness to receive hands-on instruction and experience with professional-grade workout equipment.

This crucial real-world application connects classroom lessons to actual fitness routines, empowering our students to design effective, lifelong health and wellness plans.

As we shift into the holiday season, it is important that our students find ways to give back to our community. As a school committed to the principles of Restorative Justice, we actively seek out ways for students to influence the community in positive ways. We will be collecting canned food items this week, beginning Tuesday, November 4, at the school. Students will use the canned goods to create baskets to distribute to families in need, for Thanksgiving. Please drop off canned goods to support our youth!

We are excited to welcome two new students, W.M and G.H., to our FAEmily! We are so glad to have them join our community!
