

— Shine with a smile

HEUTE shoe shine machines

Even back in the 18th century, French poet Honoré de Balzac wrote that a keen observer can always gain a sense of who he or she is dealing with glancing at that person's shoes.

While this may not be quite as easy any more in our age of sneakers, loafers and the used look, one factor still applies:

— „Well-kept shoes simply bring
brilliance to their wearer's

Shoes complete and individualise our appearance – and they convey messages. Clean footwear conveys an appreciation of one's fellows and the situation at hand.

This has been our philosophy for more than 100 years. HEUTE shoe shine machines safeguard values and look after your good style.

Brilliantly Prepared

For the brainstorming session with the team. The luncheon with the board of directors. The presentation to the client. And for the trip to the theatre in the evening.

Shoe shine machines by HEUTE see to it that the day begins with a fresh shine. From toe to heel – and from one ear to the other. And they are always and everywhere at your service, whenever a brilliant performance is expected.

Ellipse with high-quality genuine leather finishing

Ellipse

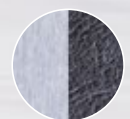

The style-conscious head porter

The round column in brushed stainless steel with bevelled oval cover has the look of a sculpture in expansive corridors, spacious reception areas and lobbies. Whether free-standing, in a corner or directly against the wall, this stylish shoe shine machines always cuts a fine figure. Offer service in its most beautiful shape.

- *high-end property character*
- *cover area optionally available with high-quality leather finishing*

Polifix 2

A dazzling professional

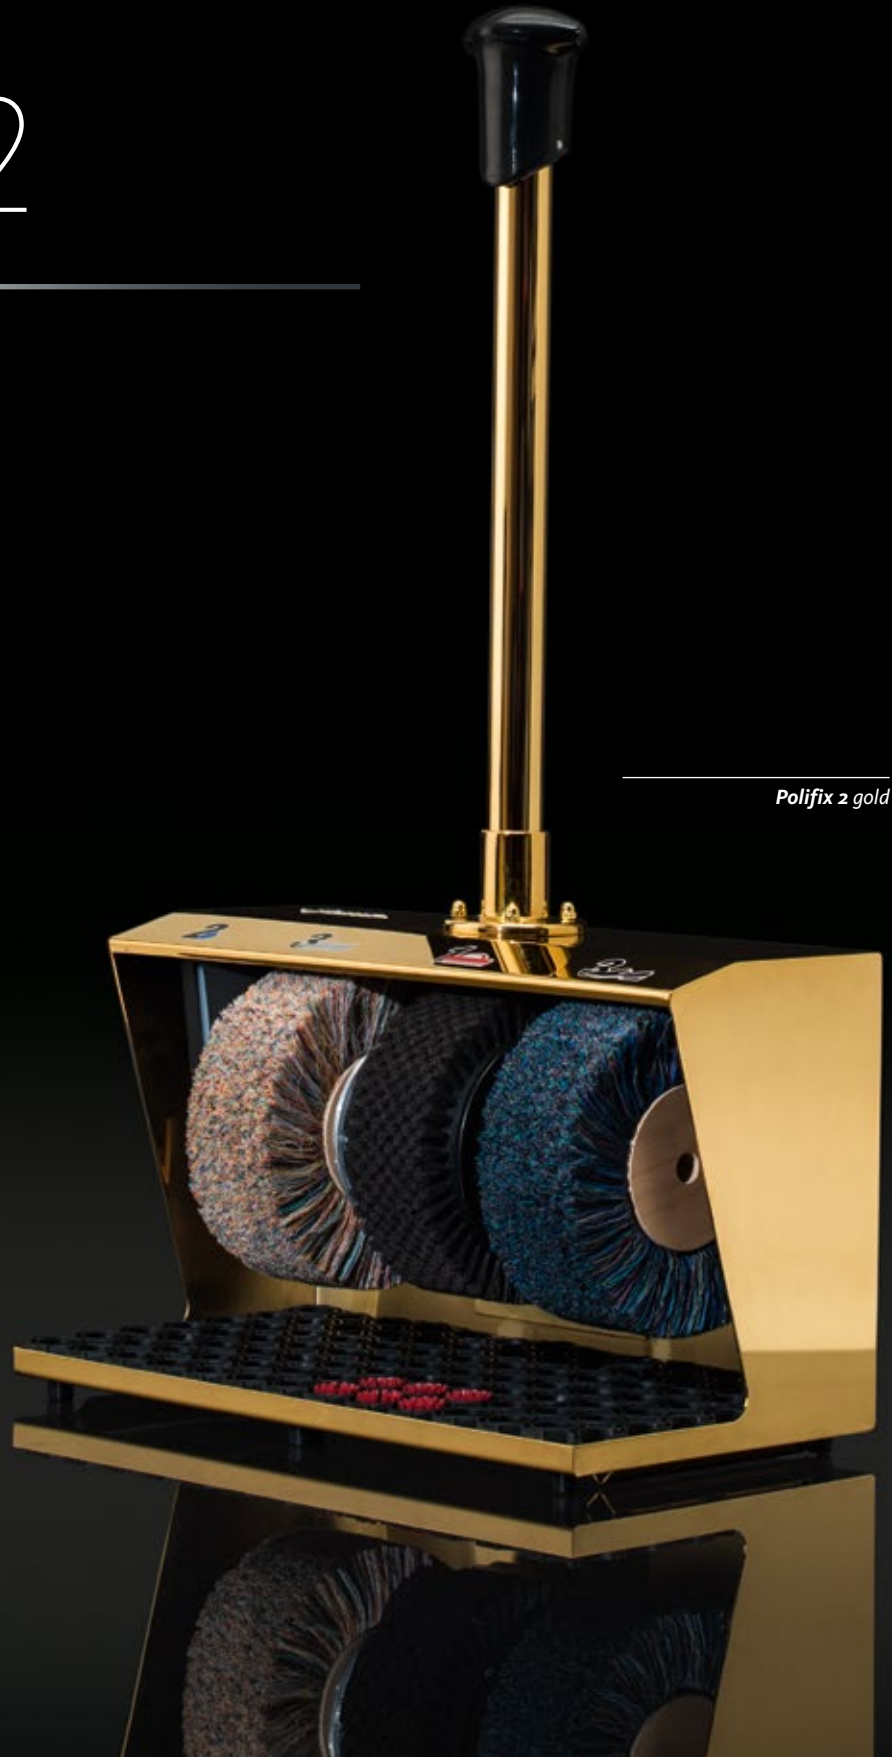

When it comes to performance, this weighty ground-mounted machine plays in the top league. Just like the steel housing, the three rotating brushes with an impressive diameter are extremely robust in design and well-suited for continuous use in shopping centres or highly frequented hotels. Unsurpassed top form is also reflected in the options of finishing for the housing: in high-gloss chrome makes, this powerhouse becomes invisible as it mirrors its surroundings, while in 24-carat gold it reflects pure luxury. Rely on a true star.

Brilliant performance in two series:

- with bar and plastic knob incl. push button
- with foot sensor and bow handle in brushed stainless steel for added style

Polifix 3

The ingenious cleaner

This slender shoe cleaner thinks outside the box: shoe polish dispensers can be stored behind a lockable flap that opens the door to individual design: from coloured powder coatings to wood décors to embossed stainless steel. Bring a dependable worker on board.

- *shallow depth*
- *practical polish storage*

Polifix 4

The classic perfectionist

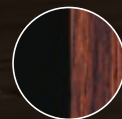

As the most experienced machine, this shoe shine machine can't be fooled, not even by the younger generation. It goes to work with four brushes and achieves brilliant results that are anything but old hat. Demonstrate stature with perfection.

- 4 brushes
- practical polish storage
- exquisite, with solid brass fittings

Elégance Couleur

Understated elegance

Whether lithe and lissom or short and compact, these house servants perform their work discreetly in the background. With colours to match surrounding décor and an elegantly pleasing shape, they fit in to interior design styles of all shapes and sizes. Experience a perfect finish for shoes and interior design.

Elegance in two series:

Elégance Nature

Natural elegance

The attractiveness of this elegant variation is part of its nature: The housing is made exclusively of real woods. Natural finishes add lively accents to austere administrative buildings or flatter the service in exclusive bars, lounges and restaurants. Feel the comfort of added warmth in the room.

Cosmo plus

The steadfast supporter

The shoe shine machine with the ergonomic handle is simply indispensable in the office. When hustle and bustle threaten to throw things out of joint, it is there to offer a firm grip. Hold on, inhale, exhale – and everything is back on track. Treat yourself to some relief in your day-to-day business.

The perfect butler

This shoe shine machine is at your service and at home wherever cleanliness lives. Its organic form is never offensive, and in a colour perfectly tailored to the furnishings, it fits in with any surroundings. But it can also be proudly displayed as an unconventional piece of inventory. Install a little luxury of your own.

made in
GERMANY

100
YEARS OF
QUALITY

Shoe shine machines from our company are distinguished by quality 'Made in Germany'. And in this we come equipped with the best tools of the trade: experience, expertise and a great devotion to the smallest detail.

HEUTE shoe shine machines are sturdily built and fitted with high-torque motors. This is how we ensure user safety and machine durability at the same time.

We at HEUTE work with devotion and pleasure on the product – from development through production to advice and service. So with your decision for a shoe shine machine by HEUTE, you are in the best hands.

Features*

The start button

determines the duration of brush action with the convenient automatic start/stop feature.

The sensor

permits a touch-free, silent start, activated by hand or foot. Capacitive sensors respond to proximity in order to prevent faults due to dirt and wear and tear.

The polish dispenser

made of a high-performance material with a large stainless steel dispenser ball. It provides an even and absolutely scratch-free distribution of leather-care lotion.

The bar

ensures secure footing during cleaning and polishing of the shoe.

The pre-cleaning brush

of pure horsehair gently removes dust and dirt.

The housing

is made of the highest quality stainless steel, aluminium or steel sheet that can be custom-coated or covered.

The sole-cleaning mat

is removable for easy cleaning.

The polishing brushes

are hand made, custom fitted with specially selected wool yarn around a sturdy wooden core that not only effectively absorb leather-care agent but also gently polish delicate high-gloss leather.

HEUTE special polish

Our specially mixed lotion impregnates the shoes with a natural leather wax and let's them stay supple. The polishing action of the soft yarn brushes produces a natural gloss.

*Features vary according to model
