Co-Presidents Message

April 2021

Dear TARWF Members

Thank you so much to all of you who were able to attend the March 26th in person General meeting at the Elks Lodge. We not only had a fabulous speaker in Mari Barke, President of the OC School Board, but we also had a great turnout and thoroughly enjoyed just being together after so many months in lock down.

A main highlight was our White Elephant Sale, which was a lot of fun, wildly successful, and brought in over \$1,000 for our club. The treasures donated and sold provided funds that will go toward supporting several worthy and essential causes for **freedom**. We will be focusing our fund-raising dollars on YAF, the **Young Americans for Freedom** organization as well as our local OC College and University Republican student organizations. They need our support to attain and stand firm for **freedom** and **conservative values**. We look forward to providing you with a College Republican Student Panel Forum with OC's brave, bold, and intelligent student leaders at our April 30th General meeting. 😊

As we turn to what is happening to our country, we trust you may share with us shock, bewilderment, discouragement, and quandary as to what to think, do etc. 😞 We believe, however, that no matter what we may be 'feeling'...we need to hold fast to the principles of "**America First**", **Conservatism and Freedom**. Remember, as Winston Churchill, Ronald Reagan, Rush Limbaugh and President Trump ALL have told us ...**WE can NEVER give up**."

We are encouraged however by how Republicans are pushing back on the exorbitant number of outrageous and believed to be unconstitutional Executive Orders. We see glimmers of hope where Florida Governor Ron DeSantis and Texas Governor Greg Abbot are joining Governor Kristi Noem of South Dakota to lead boldly with legislation and lawsuits to reject and overturn orders that are so destructive to our nation and our

freedoms.

These are surely unprecedented times. The only time we can agree with Al Gore was when he said this during the 2000 Election debacle in Florida. "Whatever is up is down, and whatever is down is up." That is so true today.

So, what can we do? As your Co-Presidents we believe we need first to PRAY fervently and ask GOD to give wisdom and courage to our nation's leaders so they will do what is morally right. Next it's crucial we take care of the health and wellbeing of ourselves and our families so we can keep strong for the 'LONG game.'

We also need to keep connected to our Republican leadership organizations, such as TARWF, CFRW and NFRW who's purpose and role it is to discern, ascertain and disseminate information to you that will allow you to take action when called upon. As the largest most effective 'grassroots' organization in our nation, our Federated Women's voices matter. We need to have the **COURAGE** and the **WILL**. We strive to strengthen these essential winning attributes in all of us by gathering together to unite our efforts and actions, as well as grow our Membership Army. By doing this we will effectively support our political leaders to change course and defeat socialism.

Among the countless issues facing our nation, we believe '**Election Integrity**' to be most crucial. Without this secured we may never again have the ability to have secure elections and a two-party system as inspired by our Constitution. While a "little too late" ...we are encouraged as we see many of the key battleground states finally taking steps to secure forensic audits to view and evaluate what happened to our November 2020 election.

We have highlighted many of the conservative outlets in our Newsletter for you to tune into in order to glean the truest news updates. We will endeavor to direct you to any actions we discern will effectively make our voices heard. We will send them out via **Tedi Cox's New alerts** so please check your email often and stay tuned. ☺ We also caution you to spend your time wisely and if necessary, limit the 'news intake' to preserve your wellbeing. **GOD SPEED!**

Your TARWF Co-Presidents,
Sheryl Franke & Pat Micone

**Tustin Area Republican Women Federated
General Meeting and Luncheon**
April 30, 2021

As a follow up to our last meeting on education, Tustin Area RWF will host student leaders from our local Universities to speak to us on what is going on campuses in Orange County. Each student will speak on a specific topic of their choosing and our membership will then be able to ask the panel questions on their presentation or general questions to the panel. Our speakers panel on April 30th includes the following students:

Nick Ortiz-UCI
Anthony Mansfield-UCI
Kimo Gandall-UCI
Justin Buckner-Chapman University

Will Donahue-Loyola Marymount

You will be thoroughly impressed with the leadership and knowledge these students present themselves with. They will also let us know the most effective ways we can help them maintain a conservative presence on our college campuses. The conservatives are today's rebels on campus, and they truly are our hope for the future. We hope you can join us for this special presentation!

INFORMATION TO OUR TARWF PATRIOTS

News on Gavin Newsom Recall

Each county Registrar's Office has until April 29th to count and report to CA Secretary of State Shirley Weber. Once a recall petition's signatures are certified, California law gives each signer *30 days to pull* their support. Remember NOT to sign anything else regarding the recall petition because of dirty tricks that the democrats might pull.

State Sen. Josh Newman, who was recalled in 2018 only to be put back in office in 2020, is pushing a bill (SB 663) that would require the state to provide the target of a recall election with the names and addresses of every single person that signs a recall petition. But legislation passed this year will not go into effect until 2022 (after the Newsom recall) unless lawmakers add an "urgency provision". Newman said he isn't interested in doing that.

The above info is from the Cal Matters website.

Crossroads of the West Gun Show

On March 27 we had a group of patriots attend the Gun Show at the OC Fairgrounds. Our group was extremely fortunate to be inside the perimeter with a free table. The crowd was *huge* as this was the first gun show at this location in months. Unfortunately, we did not register anyone to vote but had many great chats with a lively group of attendees. We were also able to pass out many TARWF membership cards to possible new members. Our presence was very welcome at this event. A big THANK YOU goes out to Linda Barcelona, Pat Micone, Dianna Voorhees, Deb Kurilchyk, and Gabriella Negrete.

Rasmussen Poll on March 28

Question put to 1000 national likely voters: “Should voters be required to show photo identification such as a driver’s license before being allowed to vote?” Percentage of likely voters that voted YES:

White - 74%; Black - 69%; Other non-white - 82%; All Voters – 75%.

Even along party lines: 60% of Democrats; 89% of Republicans; 77% of unaffiliated voters responded in the affirmative!

Point to ponder: Democrats want us to carry a vaccination ID but they don’t think a Voter ID is necessary.

GO FORTH AND BE BOLD!!!

Ways and Means

Our “White Elephant” sale was a big success at our March

meeting. We netted cover \$1,000 for our treasury and had fun with it. Many members asked to do it again next year and we definitely will.

In April we will have our usual opportunity drawing with Kristin Manna creating a theme basket for us.

We are planning our June 25th fashion show and parade of bonnets now. This will be our last meeting until September so start building your “theme” bonnet (hat) because there will be prizes. Stay tuned for more information.

We will see you soon.

Membership Report

The March 27th luncheon meeting brought in several new members. **Lielani Dijon** from Irvine joined and **Autumn Wright** from Irvine rejoined as regular members. New associate members are **Jackie Dillon** from Palm Desert and **Sally McNeely** from Newport Beach. **Michael Withrow** from Placentia rejoined as an associate member.

Susan Showler, who lives in Irvine, joined TARWF on April 2. Let's give them a warm welcome and show them what a wonderful organization TARWF is. As of now, we have 141 regular members and 28 associate members bringing our total membership to 169.

As a reminder, if you have not already done so, PLEASE pick up your new rosters at our lunch meeting on April 30. The membership team would also appreciate you getting rosters for any of your friends who have yet to pick up theirs.

**WE MUST HAVE THE COURAGE TO DO WHAT WE
KNOW IS MORALLY RIGHT**

By Dana VanSchaack

"They say the world has become too complex for simple answers. They are wrong. There are no easy answers, but there are simple answers. We must have the courage to do what we know is morally right."

These words are the words of one of America's greatest men, President Ronald Reagan, from his speech A Time For Choosing. His words could not be more relevant today. If we wish to keep our freedoms, we must begin to speak the truth, no matter the consequences, and there is plenty of truth that needs to be spoken. Let's take a look at where American society stands today and you will see that we are moving completely away from what is true and morally right.

Let us start by looking at the truth about race. America is not perfect, but our country is not systemically racists. Our founders made mistakes in their own lives, just as each of us do, but they worked together to create a country that gives all individuals the ability to succeed through hard work and a willingness to push through obstacles. They demanded equality for all by giving each the same opportunities.

Next, let us look at the family. Families are the core of America and both fathers and mothers contribute to healthy children. Sex is part of marriage, and children should be conceived within that framework. We are not meant to conceive out of wedlock, nor to kill unwanted children, even after birth, because of our selfish desire to avoid hardship.

Biology has taken on a life of its own when it come to gender issues. The science of biology tells us that men and women are born a specific gender and those genders are different from one another intentionally. Gender is not based on feeling, but biology. Allowing people to believe in ideas that are not scientific may seem to be kind, but in the end, it only causes more confusion and pain, like taking a pain pill to cover up a broken leg. In the end, one's ability to walk will be impeded if the leg is not set correctly to begin with. Calling men women and women men, or attempting to negate gender all together so as not to offend, is simply agreeing to lie to one another. Once again, in the end, the consequence's will be devastating. It should never be anyone's intent to hurt another's feelings; however, truth must not be allowed to be seen as falsehood if a society is to survive.

Next, let us look at the ever-popular Democratic Socialism. America was not designed to be a welfare state. Americans are meant to help one another rather than depending on the government. Bureaucracy is never our friend and often times government handouts will hinder a person from getting the real help they need to succeed on their own. Still, many are calling for Democratic Socialism to solve America's poverty problems. However, we cannot eliminate economic inequality by controlling businesses and by redistributing wealth. People will soon lose the desire to work if there is no incentive to do so. I believe there is a simpler solution to America's poverty issues than destroying American as we know it. The solution is to provide the correct type of education to all Americans. American has created an educational system where people must go to college to succeed, but we consistently graduate students without the skills to actually work at any job. However, if we were to support technical training the same way we support a college education, we would discover that many more students would be prepared to walk into good paying jobs that actually interest them.

Discussing education in America leads us to the issue of illegal immigration and its effect on our educational system on the American middle class, and those at or below the poverty level. Illegal immigration prevents us from putting the necessary financial resources into American students who are citizens. It created a system where we must meet the needs of non-citizens who have far less education and who cannot speak English, but speak one of numerous other languages, and who come from families who are unable to support them or, with Biden's CAM program, teens who have no families at all. America is the most unselfish country on the planet when it comes to helping others, but it is the job of America to help Americans first.

President Reagan was correct when he said," we must have the courage to do what we know is morally right," and, consequences be damned, we need to stand up today and do just that!

LARGEST OPEN AIR INSANE ASYLUM IN THE WORLD

THIS WAS IN THE LA TIMES!!

1. **40% of all workers** in LA County (10.2 million people) are working for cash, and not paying taxes. This is because they are predominantly illegal immigrants, working without a green card. (**Donald Trump was right**)
2. **95% of warrants** for murder in Los Angeles are for illegal aliens.
3. **75% of people** on the most wanted list in Los Angeles are illegal aliens.
4. **Over 2/3 of all births** in Los Angeles County are to illegal alien Mexicans on Medi-Cal, whose births were paid for by taxpayers.
5. **Nearly 35% of all inmates** in California detention centers are Mexican nationals, they are here illegally.
6. **Over 300,000 illegal aliens** in Los Angeles County are living in garages.
7. **The FBI reports half of all gang members** in Los Angeles are most likely illegal aliens from south of the border
8. **Nearly 60% of all occupants** of HUD properties are illegal.
9. **21 radio stations** in LA are Spanish-speaking.
10. **In LA County 5.1 million people speak English, 3.9 million speak Spanish.** There are 10.2 million in County.

AGAIN, ALL 10 OF THE ABOVE FACTS WERE PUBLISHED IN THE LOS ANGELES TIMES

Less than 2% of illegal aliens are picking our crops, but **29%** are on welfare.
Over 70% of the United States annual population growth, (and over 90% of California, Florida, and New York) results from immigration. Also **29% of inmates in federal prisons are illegal aliens.**

WE ARE FOOLS FOR LETTING THIS CONTINUE

This is only one State..If this doesn't open your eyes nothing will, and you wonder why NANCY POLOSI want them to become voters!

THIS IS SOME OF WHAT IS IN STORE WITH POLOSI RUNNING THE SHOW:

Windfall Tax on retirement income...adding a tax to your retirement is simply another way of saying to the American people "you're so darn stupid that we're going to keep doing this until we drain every cent from you." NANCY POLOSI wants a Windfall Tax on retirement income. Tax what you have made by investing: stock market profits (including Retirement fund, 401K and Mutual Funds.)

This woman is frightening. **She quotes...**"We need to work toward the goal of equalizing income in our country and at the same time limiting the amount the rich can invest, (didn't Marx, who was a racist in the true meaning of the word, say something like this?)

When asked how these new tax dollars would be spent, she replied: "We need to raise the standard of living of our poor, unemployed and minorities, For example, we have an estimated 12 million illegal immigrants in our country who need our help along with millions of unemployed minorities.

Stock Market windfall profits taxes could go a long way to guarantee these people the standard of living they would like to have as Americans. **LET THIS SINK IN : LOWER YOUR RETIREMENT, GIVE IT TO OTHERS WHO HAVE NOT WORKED, AS YOU HAVE FOR YOUR MONEY!!**

WE NOW ARE HAVING ILLEGALS POURING OVER OUR BORDERS. NOTHING IS BEING DONE TO STOP IT— WE NEED TO CONTACT ARE LEGISLATORS AND VOICE OUR OPPOSITION. THIS IS A CRISIS OF TRULY UNIMAGINAL PROPORTIONS. IT CANNOT BE DENIED—IF IT CONTINUES WE WILL HAVE OVER 2 MILLION OR MORE ILLEGALS COMING FROM ALL OVER THE WORLD. NO COUNTRY CAN SURVIVE WITH OPEN BORDERS.

WHEN WE TAKE THINGS FOR GRANTED—THE THINGS WE ARE GRANTED GET TAKEN AWAY

MEET THE NEW PRESIDENT OF THE UNITED STATES

BARACK OBAMA

By Wayne Allyn Root

This is the most important column I've ever written

This is my chance to play the modern-day version of Paul Revere. "The commies are coming, The commies are coming." Yes, I am re- porting a communist takeover. The leader of this attack is not whom it appears to be. Republicans, conservatives, patriots, and capitalists are sick right about now. We're in shock. We can't believe Trump isn't president, We can't believe Americans voted against the greatest economy, perhaps in history, and the greatest jobs picture ever, and the greatest improvement in middle-class incomes ever. And after the covid

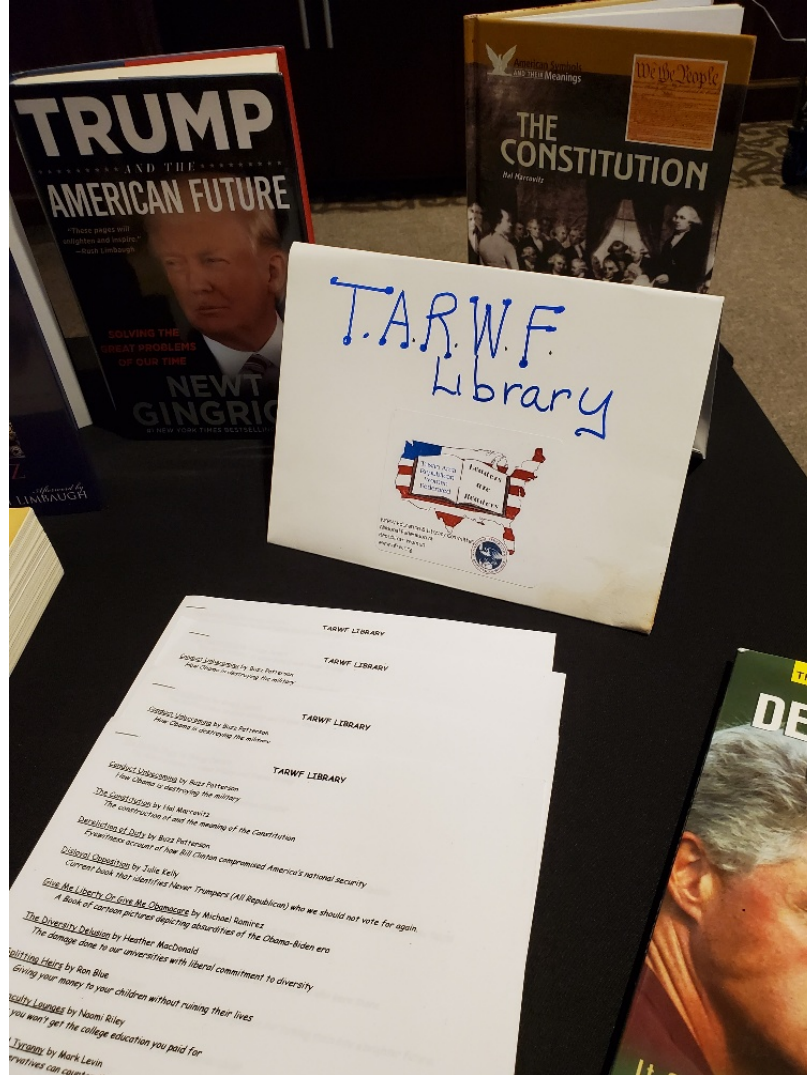

lockdown and economic collapse, Trump reduced the greatest economic comeback ever. Remember 33% GDP in Q3 2020? That was the biggest number in history. Who would vote against all that? You'd have to be self-hating and suicidal.

We also can't believe America voted for a feeble old man with dementia who mumbles *"I don't know what I'm signing, but I'm gonna sign these Executive Orders."* Even though he got his two vaccine shots before he became president. We all believe the election was rigged and stolen. We all know the feeble old man now called *"President"* would be more at home in an assisted living home than the White House. That man can't be our new president. I have news for my fellow conservative, Republicans, capitalists, and patriots. **Biden's not the president. He's a puppet.** Yes, we have a new president, But his name is Barack Obama. Admit it. Now that I've said it out loud, it all makes sense. Obama is the real president, back for his third term to finish the job. Biden's job was to stand there and look moderate, and credible, and reasonable—so as not to scare the voters. But Biden isn't the real president. Obama is the man with the power. Look at the radical Executive Orders, the most in history. And they all sound like Obama wrote them. This third term is *"Obama Unmasked."* With Biden as the front man, Obama can finally be himself. Obama is able to do all the radical things he never dared do as the actual president.

Look at the Executive orders and new laws and policies proposed...Open Border— no more wall. Everyone gets in during a pandemic with no testing for Covid. Illegal alien felons must be released from jail. Halt to deportations. Full legalization for millions of alien lawbreakers. Include illegal aliens in the US census. Once into the country, give them the right to bring all their relatives in too, with no requirement for education, skills, or background checks. Ban the use of the word *"illegal alien."*

Make every action and economic policy about *"racism" "social justice" and "racial equity."* Even climate change is about *"racism"* -start the Iranian nuclear treaty. Give murdering Mullahs everything they ever dreamed of, and then some, endanger our best friend Israel's existence and get absolutely nothing in return. And for good measure, wait over a month to call Israel's Prime Minister, so the whole world knows we no longer have Israel's back. Kill the lucrative US energy industry and make us dependent on foreign oil from our enemies again. Kill the Keystone Pipeline. Kill oil, coal, natural gas, fracking, even permits for drilling. Re-enter the Paris Climate Agreement that kills all our jobs, while allowing China to pollute all it wants. This will decimate our economy and make us dependent on the same kind of green energy that just caused the meltdown in Texas. Ban the use of the term *"China virus."* End the trade war with China. Give China access to the US energy grid. Even the players in Biden's cabinet and staff are all Obama re-treads. Trust me, I'm Obama's Columbia college classmate.. I know how he thinks. I understand his plan. This has Obama's fingerprints all over it. This is the Cloward-Piven plan we learned at Columbia University, almost 40 years ago. This is the 3rd term of Obama. In his first two terms, Obama tried his best to destroy the economy, high-paying jobs, healthcare, the US energy industry, the great American middle class, our relationship with Israel, American exceptionalism, and capitalism itself. He damaged us badly, but he fell short. Now Obama's back to finish the job.....

TARWF LENDING LIBRARY

There are so many wonderful books on the market now that promote our Republican ideals and will provide us with needed talking points.

Therefore, we have set up a lending library.

For now the library will be a depot of sorts at **Diane Mazurie's** house in North Tustin. You can phone, text, or email Diane and request a book. She will put it in her mailbox for you to pick up. A member can keep the book one week and return it to the same mailbox. (Delivery may be possible).
