## January 2023

Happy New Year TARWF members! The year 2023 has ushered a whole new set of challenges for us Californians. We still have executive orders regarding Covid restrictions, and now emergency executive orders for both drought and flooding measures at the same time. Feeling the effect of any of the many new laws that took affect on New Years Day? Have you received your January utility bills yet? Times they are a changing, and certainly not for the better.

**Our speaker for January is Carl DeMaio, Chairman of Reform California**, a conservative grassroots organization that advocates for accountability and transparency in our government. In 2017, Carl launched the campaign in the Yes on 6 proposition battle. That was the one where the Yes vote meant No to higher gas taxes at the pump and car registration taxes.

Carl is a successful businessman, founding two successful companies by the time he was 30. Elected to the San Diego City Council in a historic race in 2008 when San Diego was on the verge of bankruptcy. Carl was able to cut the budget and balance the cities budget, saving taxpayers billions while improving services. He also finds the time to host a daily radio show on News Radio 600-KOGO 3-6pm, using that platform to inform, engage and inspire common sense Californians to fight for their State.

Carl's mission with Reform California is now to stop the Driving Tax, the States plan to charge taxpayers per mile driven. I hope you can join me to hear this dynamic speaker on January 27<sup>th</sup>! See you all then!

Linda Barcelona,  
1<sup>st</sup> VP Programs, Tustin Area RWF

# Fundraising Report

Hoping everyone had a great holiday season and is looking forward to a prosperous 2023.

Let's jump right into our fundraising mode with a silent auction at the February meeting.

Think about some of the treasures you have around the house that you don't need or want but can't stand the idea of taking to the Salvation Army or worse, throwing away.

In the past we have had everything from vintage jewelry and watches to book collections, dishware, blankets, clothing and toys. Ladies have brought plants and fine art that went to loving homes.

Hearing, "***I CAN'T BELIEVE SOMEBODY IS GETTING RID OF THIS***" when they look at your contribution, always brings a smile to your face.

So, don't be selfish, share the joy so we can share the wealth for a good cause. Imagine freeing up that shelf or closet or spot in your garage. ***Everybody wins!***

If you aren't sure about what you want to bring just give me a call and I'll help you decide.

I'll have bid sheets and pens set out so all you have to do is bring the item in and put it on the table. Plan on coming a little early so the meeting can start on time.

Looking forward to the fun we always have when we do one of these.

Call me with questions  
Pamla 714.227.2488

We have red, white and blue TARWF branded nylon bags for sale at our General Meetings. They are \$5.00

each. Our Fundraising Chair will be selling them at all of our TARWF meetings.

## **Membership Report**

The membership committee would like to wish you all a Happy, Healthy and

Prosperous 2023!

That being said, we do have some work to do to make our voices heard, particularly at this time during all the political posturing, questionable media and difficult times with the current challenges of our economy; not to mention more personal struggles with the stress these types of issues bring to our lives.

And, what brings the momentum for positive outcomes more than the voices of many people who share objectives and are willing to stand with like-minded others to participate in positive change? Membership and recognizing that all hands, minds, and hearts with shared goals can create that positive change.

The current state of our membership numbers as documented by Gretchen is as follows:

- Currently we have 88 regular members that have renewed from 2022.
- We have 12 new regular members for a total of 100 for 2023.
- We have 17 associate member renewals for 2023.
- We have 3 new associates for a total of 20 associate members for 2023.
- We are missing 32 membership renewals from 2022.
- We are also missing 8 associate renewals from 2022.

I understand that sometimes we just don't feel like just one person can make a difference. Do you know that by being informed and thoughtful brings an energy that we can all share and reciprocate. It is my belief that every single person counts. I like thinking of us as tribe members – not always agreeing or agreeable! However, if you chose to share yourself, it is invaluable to all.

2023 promises to be revealing and maybe one of the revelations is that we rely on each other even if nothing more than with a nod and a smile! So let's build the tribe and make membership grow and help any defeated members feel their importance!

Looking forward to the adventure with you that is 2023!!

## City of Tustin History

**Donna Peery**, Office Manager of the **Tustin Historical Society** has agreed to contribute articles for our newsletter regarding Tustin history and Tustin armed forces service personnel.

When Charles A Vance passed away in 1959, it was said that Tustin lost one of its most loyal citizens.

The Kansas native started and owned the Chula Vista State Bank from 1912-1916 before moving to Tustin in 1917. Once here, he purchased the First National Bank of Tustin (and his house) from Vinnie Cranston and owned the bank until his passing.

The bank was run by Mr. Vance and his three employees. When President Franklin Roosevelt wanted the banks to close in 1933 to avoid a run on the banks, Mr. Vance complied, but kept his back door open to ensure that his fellow Tustin residents would be taken care of. He was known for running a sound financial operation through the Great Depression of the 1930's. The bank and Tustin survived thanks to Mr. Vance.

His house at 420 W. Main Street in Tustin still stands today. Mr. Vance loved cigars and it's been said that residents can still smell a whiff of cigar smoke occasionally!

### **Waldron George Karp**

Tustin Police Officer

Born: 25 May 1941

End of Watch: 7 January 1972

Waldron George Karp, Walt or Wally to his friends and family, was born on May 25, 1941 in Waterton, New York to Mae Ina Meagan and stepson of Clarence Shawcross. Although some records give his birth year as 1940, his military records indicate 1941.

After attending Indian River Central High School, in New York, Karp enlisted in the United States Navy on July 22, 1959, attached to a sea rescue unit. He would later become a Dental Technician. Karp served in Trinidad and in South Vietnam. It is said that he treated many in the nearby villages in Vietnam, becoming their village doctor. He earned the Air Medal, receiving it at El Toro Marine base in October 1965. He was honorably discharged from the Navy on August 21, 1967.

Karp was married three times, first to Penelope Ferreira. They had two children, a son Waldron Jr, died shortly after birth. A daughter Sheryl was born in 1962. A brief marriage to Linda Christensen followed and ended in divorce. He had just married his third wife, Geraldine Robles Zimmer, in October 1972. Sadly, he was shot two months later.

Karp became a Tustin Police Officer in 1970. In the early morning hours of December 6, 1972, Officer Karp responded to a call for assistance by the Orange County Sheriff's Department in a county area of Tustin. Karp was ambushed and shot in the arm and stomach. An Orange County Sheriff's Deputy Tim Stewart was also shot and injured in the ambush.

Officer Waldron Karp succumbed to his injuries on January 7, 1973. He is buried at Sanford Corners Cemetery in Calcium, New York

## Democrats Just Stole Another Election

By: Wayne Allyn Root

December 5, 2022

When something is so obvious, if the outcome makes no sense, if the outcome is literally impossible, then it is what it is. Forget "proof." You know it. You saw it. You felt it. You experienced it. It happened. It's real.

The 2022 midterm was just stolen. Just like 2020.

If you disagree, you're either delusional, or terribly naïve, or brain-dead. Or you're in on the fix.

It's time to admit we're all part of a massive experiment in fraud, theft, brainwashing, and gaslighting to a degree never seen in world history.

Think of all the times in just the past few years you've been gaslighted.

They lied to you about open borders...

They lied about Hillary's 30,000 deleted emails...

They lied about spying on Trump...

They lied about the Russian Collusion...

They lied about a perfectly fine Ukrainian phone call...

They lied about massive Biden corruption in Ukraine and China...

They lied about the Hunter Biden laptop...

They lied about the origins of Covid...

They lied about the need for lockdowns and masks...

They lied about the need for Covid vaccines...

They lied about the vaccines being "safe and effective"...

They lied and covered up all the deaths and injuries from the vaccine...

They lied about the success of miracle drugs Hydroxychloroquine and Ivermectin...

They lied about the stolen 2020 election...

You've been the victims of nonstop severe gaslighting for a decade now.

You're all part of a human psychology experiment in the limits to which government and media can go in propaganda and brainwashing...while you can see they're lying right in front of your eyes.

And these are the same people now telling you Democrats just over-performed, and stopped a GOP red landslide, against all odds, without cheating and stealing the midterm election.

Historically, every president in history facing his first midterm experiences a tough day with automatically 20 to 30 House seats lost...and 4 or more Senate seats lost...but this unpopular President Biden is brain dead with

severe dementia, and can't put 3 coherent sentences together... Yet Biden defied history?

While also facing the worst economy in modern history...  
and the worst inflation in America's history...  
and out-of-control crime...  
and open borders...  
and failing schools...  
and polls showing 75% of Americans believe the country is going in the wrong direction.  
Yet, Biden beat all of that?

If you believe Democrats made a miracle happen, without cheating, rigging, and stealing... I have a bridge to sell you, over the Atlantic Ocean, in the Vegas desert.

First, every poll in the country showed a gigantic GOP landslide victory- ranging from red wave to red tsunami. Polls even showed women moved 32 points from September to October in favor of the GOP.

But in the end, they all moved back to Biden and the Democrats. Does that make sense to you?

Second, every poll in the country showed the top two issues, by a mile, were inflation and the economy. And crime was in second place, along with open borders.

And they all voted for Biden and the Democrats? Does that make sense to you?

CNN's exit polls showed the GOP made massive gains among almost every voting group- men, women, white men, white women, blacks, Hispanics, and young people. Everyone.

And they all voted for Biden and the Democrats? Does that make sense to you?

In this environment where Americans can't afford gas...or groceries...or rent...with the economy failing...inflation raging...scared to death of losing their jobs...living in cities plagued by violent crime, mass shoplifting, homeless everywhere, streets lined with poop, pee, drug needles, and failing schools intent on teaching your children to become masked transgenders.

In this environment, they all voted for Biden and the Democrats? Does that make sense to you?

That they looked around at the disaster one man has created in only two years, and they defied a century of historic midterm defeats for the party in power...and voted for Democrats? Folks, you've been gaslighted.

But the real proof the midterm was rigged and stolen is...FLORIDA.  
In Florida, the GOP won a landslide. DeSantis and Rubio and everyone else in the Florida GOP won in a red tsunami. The same one the polls showed was happening in the entire country.

Guess what Florida has? Florida has strict Voter ID, strict laws against voter fraud, severe prison terms for anyone caught trying to commit voter fraud, no mail-in ballots sent to every voter, no ballot drop boxes, no ballot harvesting, no ballots accepted for days after Election Day, no counting for days until the desired result is achieved by the Democrat Party.

Isn't it a funny and strange coincidence that in that state, with all of those strict rules against cheating, the GOP red tsunami happened as predicted? But everywhere else, where there are no strict laws against voter fraud, and they allow all that cheating, the red tsunami fizzled.

And that under-performance is being blamed on Trump? And on conservative MAGA candidates?

Yet in Florida, Governor Ron DeSantis is the most Trump-like, MAGA, America First, anti-woke, anti-trannie, in-your-face, ultra-conservative politician in all of America. And with that ultra-MAGA message, plus strict voting fraud laws...the GOP swept to a landslide victory.

And in most other places, they didn't. Coincidence? Folks, we've been robbed. Again. This was a repeat of 2020. They've fixed, rigged, and stolen the election. First, they robbed us of the Presidency. Now they've robbed us of a red Republican landslide. And now they're trying to blame it on Trump.

This is gaslighting. And we've had our election stolen- again.

## The coup we never knew

By Victor Davis Hanson ¶

Published Jan.-5, 2023 ¶

Did someone or something seize control of the United States?

What happened to the U.S. border? Where did it go? Who erased it? Why and how did 5 million people enter our country illegally? Did Congress secretly repeal our immigration laws? Did President Joe Biden issue an executive order allowing foreign nationals to walk across the border and reside in the United States as they pleased?

Since when did money not have to be paid back? Who insisted that the more dollars the federal government printed, the more prosperity would follow? When did America embrace zero interest? Why do we believe \$30 trillion in debt is no big deal?

When did clean-burning, cheap, and abundant natural gas become the equivalent to dirty coal? How did prized natural gas that had granted America's wishes of energy self-sufficiency, reduced pollution, and inexpensive electricity become almost overnight a pariah fuel whose extraction was a war against nature? Which lawmakers, which laws, which votes of the people declared natural gas development and pipelines near criminal?

Was it not against federal law to swarm the homes of Supreme Court justices, to picket and to intimidate their households in efforts to affect their rulings? How then with impunity did bullies surround the homes of Justices Brett Kavanaugh, Samuel Alito, Amy Coney Barrett, Neil Gorsuch, John Roberts, and Clarence Thomas – furious over a court decision on abortion? How could these mobs so easily throng our justices' homes, with placards declaring "Off with their d—s"?

Since when did Americans create a government Ministry of Truth? And on whose orders did the FBI contract private news organizations to censor stories it did not like and writers whom it feared?

How did we wake up one morning to new customs of impeaching a president over a phone call? Of the speaker of the House tearing up the State of the Union address on national television? Of barring congressional members from serving on their assigned congressional committees?

When did we assume the FBI had the right to subvert the campaign of a candidate it disliked? Was it legal suddenly for one presidential candidate to hire a foreign ex-spy to subvert the campaign of her rival?

Was some state or federal law passed that allowed biological males to compete in female sports? Did Congress enact such a law? Did the Supreme Court guarantee that biological male students could shower in gym locker rooms with biological women? Were women ever asked to redefine the very sports they had championed?

When did the government pass a law depriving Americans of their freedom during a pandemic? In America can health officials simply cancel rental contracts or declare loan payments in suspension? How could it become illegal for mom-and-pop stores to sell flowers or shoes during a quarantine but not so for Walmart or Target?

Since when did the people decide that 70 percent of voters would not cast their ballots on Election Day? Was this revolutionary change the subject of a national debate, a heated congressional session, or the votes of dozens of state legislatures? What happened to Election Night returns? Did the fact that Americans created more electronic ballots and computerized tallies make it take so much longer to tabulate the votes?

When did the nation abruptly decide that theft is not a crime, assault not a felony? How can thieves walk out with bags of stolen goods, without the wrath of angry shoppers, much less fear of the law?

Was there ever a national debate about the terrified flight from Afghanistan? Who planned it and why?

What happened to the once trusted FBI? Why almost overnight did its directors decide to mislead Congress, to deceive judges with concocted tales from fake dossiers and with doctored writs? Did Congress pass a law that our federal leaders in the FBI or CIA could lie with impunity under oath?

Who redefined our military and with whose consent? Who proclaimed that our chairman of the Joint Chiefs of Staff could call his Chinese Communist counterpart to warn him that America's president was supposedly unstable? Was it always true that retired generals routinely libeled their commander-in-chief as a near Nazi, a Mussolini, an adherent of the tools of Auschwitz?

Were Americans ever asked whether their universities could discriminate against their sons and daughters based on their race? How did it become physically dangerous to speak the truth on a campus? Whose idea was it to reboot racial segregation and bias as "theme houses," "safe spaces," and "diversity"? How did that happen in America?

How did a virus cancel the Constitution? Did the lockdowns rob of us of our sanity? Or was it the woke hysteria that ignited our collective madness?

We are beginning to wake up from a nightmare to a country we no longer recognize, and from a coup we never knew.
