**You are welcome to bring your own shotgun, however NO semi-automatics or pumps.
A supply of shotguns will be available at the Range.**

**There are a couple of things that we feel you should know,
to make your day more enjoyable.**

The first is how you should dress. The dress code is casual however; T-shirts and shorts are not allowed. While Golf Carts will be provided to get you from station to station, the roads are unpaved, so you should wear a rubber soled comfortable shoe.

Weather is usually unpredictable, sometimes mornings are chilly and afternoons warm. We suggest that you dress with layers of clothing that can be easily removed or added as needed. We will shoot rain or shine so while a small poncho will be provided, you may wish to bring your own rain gear.

You will be provided with a pair of safety glasses and earplugs. While you are welcome to bring your own shot gun it must be a break type of gun, SxS or O/U, as pump and semi-automatics are not permitted. A limited number of shotguns will be provided, usually one per squad. In addition, all the ammunition you will need to participate in the event will be provided.

The standard event will begin with everyone gathering at the range between 8:00 am and 9:00 am for breakfast, instructions for those who need them and registration. Following a safety briefing, participants will break out into their respective squads, and shoot 100 rounds, which will be scored. At the completion of the shoot we will assemble at the lodge for lunch, dessert, coffee, wine, drawings, and awards.
