What are my Goals?

After successfully qualifying for the 2026 Loretta Lynn Amateur National Motocross Championship, my new goal is to continue improving my results, gaining experience at the amateur level of motocross, and building lasting relationships with my sponsors while progressing toward the next stage of my racing career.

What Am I Doing to Accomplish My Goals?

I am focused on a structured training and fitness program at the MotoBros Training Facility, in Florida, focusing on speed, endurance, bike control, and injury prevention. Through consistent practice, race preparation and hard work, I aim to maximize my performance on race day while proudly representing and promoting my sponsors. I am dedicated to giving 100% effort in everything I do and showing my appreciation for the companies and individuals who support my racing career.
