

POWERPADS

CONCRETE IS HARD WORK, WE MAKE IT EASY!

EZ-CRETE is a precast concrete specialist with manufacturing facilities in NH and WI, and inventory warehoused in Tucson, AZ, Denver, CO, and Atlanta, GA. We provide a range of generator pads for electrical, utility, and building professionals. Our generator pads are made to support Generac, Kohler, Briggs, and other generator manufacturers. Our mission is to produce the highest-quality, most dependable and durable precast concrete products, with a bold and innovative approach to design, engineering, and manufacturing.
