

About Us

Rose Mountain Care Center is a family- owned and operated healthcare facility conveniently located in New Brunswick, NJ. We provide outstanding rehabilitative services as well as long term care, respite, and hospice services.

Rose Mountain recognizes the need to provide quality care that meets both the medical and cultural needs of our residents. It is important for us that all of our residents stay in a place where their language is understood and their culture is respected.

We are located in an area with a large population of Chinese cultures who benefit from care delivery in a nursing center that has a specialty Chinese Cultural Program.

Rose Mountain has been awarded 5 stars Overall and 5 Stars in Quality Measures by Medicare and Medicaid Services.

Chinese Amenities

Language

Chinese dialects are of Mandarin, Taiwanese, and Cantonese. We also offer interpreters to families and staff in the building.

Activities

Our recreation department hosts activities based on Chinese holidays and festivals. Chinese television, radio stations, and daily newspapers are also provided.

Staff

Under the supervision of a Chinese speaking physician, we are staffed with Chinese and Korean speaking nurses, CNA's, therapists, and a recreation department. We work with Robert Wood Johnson Somerset Chinese program to see their doctors there that speak the dialect.

Dr. Zang is our Medical Director.

Food

Although you can always order from the American kitchen, we have a distinct Chinese kitchen with an experienced Chinese chef serving up authentic Chinese meals.

Religious Services

Chinese churches are brought in to our residents, and/or Chinese services are done virtually.
