OUR HISTORY

SusoTech, an innovative IT company, traces its roots back to its parent company, Polaris Production. Founded in 2019, Polaris Production is a visionary organization dedicated to driving excellence in the digital domain. As technology rapidly evolved, the need for specialized IT solutions became apparent, leading to the birth of SusoTech as a subsidiary company.

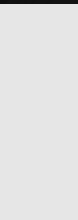

.Established with a clear vision to empower businesses with cutting-edge technology solutions, SusoTech began its journey with a small team of passionate IT professionals. From the outset, the company set its sights on delivering exceptional services, tailored to meet the unique needs of each client.
