

Introducing Forseti H.A.R.T.™ Homeless

Real-time referrals instantly connects at-risk individuals with victim advocates.

Track an individual's progression through the Continuum-of-Care through Forseti's Person Management and Homeless Outreach Logs.

Real-time data sharing, facilitated by County Connect™, dramatically increases efficiency.

Offline functionality allows officers to conduct assessments when and where needed, regardless of Wi-Fi or Cellular reception.

County Connect™

Unites the criminal and social justice stakeholders through data-sharing, multi-agency access and real-time alerts.

FORSETI

H.A.R.T.™ HOME

Introducing

Forseti H.A.R.T.™ HOME

Enhance your department with Forseti's Honest Assessment Response Tool™. Remotely conduct assessments on location and reduce time spent on-scene.

Discover a New Level of Productivity

Better efficiency when you're in the field. Peace of mind when you're not.

Ensure all information gathered is in accordance with department policy.

Accessible on all devices (iOS, Android and/or Windows). Mobile, Tablet and/or Mobile Digital Terminal (MDT).

All data gathered via Forseti software can be integrated into legacy systems and software.

Built in analytics, powered by Amazon QuickSight, allows for comprehensive report generation.

Integrated Audit Logs allows for transparency and accountability as well as officer and department peace of mind.

All data collected is stored on the Amazon Government Cloud. AWS Gov Cloud is FBI certified and CJIS compliant.
