## Submitting a Verifiable Request Regarding Exercise of Your Rights under the California Consumer Privacy Act

As mentioned above, California residents have certain rights to access, delete, or otherwise exercise rights regarding their Personal Information under the California Consumer Privacy Act of 2018 (“CCPA”). Forseti will respond to an individual’s “verifiable request” to exercise his or her rights under the CCPA – that is, where Forseti has received a request purporting to be from a particular individual, and Forseti has been able to verify the individual’s identity. The need to verify an individual’s identity is critical to protecting your information, and to ensuring that your information is not shared with anyone pretending to be you or someone who is not authorized to act on your behalf.

You may submit a verifiable request via our request webform and our toll-free number, listed in the “Contact Us” section below. Forseti will ask you to provide information about yourself so that we can verify your identity as part of this process. This information may include your name, your address, information related to your case, and any other information deemed necessary by Forseti to reasonably verify your identity, to ensure that your information is not shared with anyone impersonating you. Once we have your submission, we will compare the information you provided to the information we have about you to verify your identity. Once we have verified your identity, we will work to fulfill your request in a timely manner. Please note there may be some situations in which we are unable to fulfill your request, such as if we cannot find any information about you within our systems. Additionally, we may not be able to honor a deletion request in some situations, such as if your information is necessary to your relationship with us or to meet a legal obligation. We will inform you whether we can fulfill your rights request.

We may ask for additional information if we have difficulty confirming your identity. We will not share your information or honor other requests in those situations where we are unable to confirm that a request for your information is a “verifiable request.” We will not be able to process your request if we cannot verify your identity.

Under California law a California resident can appoint an “authorized agent” to make certain verifiable requests upon their behalf, such as the right to know what information we collect about the End User or to request deletion of the End User’s information. An authorized agent may submit a request by following the steps outlined above. An authorized agent must identify the End User he or she is submitting a request on behalf of, and provide the information requested by Forseti to verify the End User’s identity. Forseti will also require the purported authorized agent to submit proof that he or she has been authorized by the End User to act on the End User’s behalf.

Because the security and privacy of your information is paramount, we will ask that you identify and provide permission in writing for such persons to act as your authorized agent and exercise your applicable rights under California law in such situations. This may require us to contact you directly and alert you that an individual has claimed to be your agent and is attempting to access or delete your information. We will also independently verify your identity to ensure that an unauthorized person is not attempting to impersonate you and exercise your rights without authorization. We will not share your information or honor any other requests in those situations where you cannot or do not grant permission in writing for an identified authorized agent to act on your behalf, or where we cannot independently verify your identity.

Except for any express warranties stated on the Website or other products, if any, the information, and services provided or referenced on the Website or other products are provided “as is” and with all faults, and the entire risk as to satisfactory quality, performance, accuracy, and effort is with the user.

While Forseti uses reasonable efforts to include accurate and up-to-date information on the Forseti Website or other products, Forseti makes no warranties or representations as to its accuracy. Please note that some jurisdictions may not allow the exclusion of implied warranties, so some of the above exclusions may not apply to you. Please seek the advice of professionals, as appropriate, regarding the evaluation of any specific information, opinion, advice, or other content.

## Miscellaneous

The terms will be governed by and construed under the laws of the State of Delaware, excluding only its conflict of law provisions. Each party to the Forseti Website terms hereby submits to the exclusive jurisdiction and venue of the courts within the State of Delaware, U.S.A. and waives any jurisdictional venue or inconvenient forum objections to such courts. Use of the Forseti Website or other products is unauthorized in any jurisdiction that does not give effect to all provisions of these terms and conditions, including without limitation this paragraph.

Any failure by Forseti to enforce any of its rights under the terms or applicable laws shall not constitute a waiver of such right. If any provision of the terms is found by a court of competent jurisdiction to be invalid, you, Forseti, and the court shall endeavor to give effect to the intent reflected in that provision, and the remaining provisions of the terms shall retain their full force and effect.

You agree that no joint venture, partnership, employment, or agency relationship exists between you and Forseti as a result of this Privacy Policy or use of the Website, products, or Forseti Services. Forseti's performance of this Privacy Policy is subject to existing laws and legal process, and nothing contained in this Privacy Policy is in derogation of Forseti's right to comply with law enforcement requests or requirements relating to your use of the Forseti Services, Website, products or information provided to or gathered by Forseti with respect to such use. If any part of this Privacy Policy is determined to be invalid or unenforceable pursuant to applicable law including, but not limited to, the warranty disclaimers and liability limitations set forth above, then the invalid or unenforceable provision will be deemed superseded by a valid, enforceable provision that most closely matches the intent of the original provision and the remainder of the Privacy Policy shall continue in effect. This Privacy Policy constitutes the entire Privacy Policy between the End User and Forseti with respect to the Forseti Services and products and it supersedes all prior or contemporaneous communications and proposals, whether electronic, oral or written, between the user and Forseti with respect to the Forseti Services and products. A printed version of this Privacy Policy and of any notice given

in electronic form shall be admissible in judicial or administrative proceedings based upon or relating to this Privacy Policy to the same extent and subject to the same conditions as other business documents and records originally generated and maintained in printed form. Any rights not expressly granted herein are reserved.
