

TO: Attorney General Letitia James, Secretary of State Rossana Rosado, Governor Kathy Hochul, The Legislature of New York, Mayors, City Councils, School Boards and Sheriffs

FROM: We the People of New York

We address you today regarding your monumental failures in leadership and protection of the fundamental rights of your constituents. We the people of this state have called, emailed, protested, shown up to school boards, council meetings, and committee hearings. As one voice, we have demanded you preserve and protect our freedoms. We offered ample opportunities to address these issues, yet you stood idly by while a tyrannical governor, overreaching mayors, and an unaccountable federal leviathan have destroyed our state.

We demand immediate answers for your inaction while we continue to utilize all forms of communication to call attention to your failures and promote your impending removals from office. We have determined that if you are not standing up for all our freedoms, you are part of the problem. The Governor, Secretary of State, and legislators will now idly watch as we peacefully remove them from their respective positions.

Attorney General James, you have a choice to stand with us and fight to secure our constitutional freedoms or you can remain idle while we also remove you. We the People of the great state of New York demand Attorney General James agree to a meeting with us immediately.

How have your failures to the people been measured?

 You stood by while jobs, schools, weddings, funerals, reunions, festivals, concerts and football games were shut down, yet thousands freely marched in our streets for months.

 You stood by while tyrants attacked our most basic rights to live and work freely, using fear and tyranny to lock us in our homes and attack our rights to bodily autonomy.

 You stood by while our kids were deprived of their education, were muzzled by political pseudoscience, and school board meetings were recessed early, and parents even removed by police for 'improperly' wearing masks.

 You stood by while small businesses were mocked and shattered, meanwhile Amazon made record profits.

 You stood by while experimental drugs and the most dangerous and deadly vaccines of (at least) the last 30 years, were forced upon us under the guise of public safety.

 You stood by as occupancy, mask, and vaccine mandates from incompetent mayors like Bill DeBlasio disproportionately crushed the African American community, and even to this day continue to do so.

 You stood by while the lockdowns closed almost half our small businesses for good. As with vaccines mandates, African American businesses were especially hardest hit, a fact seemingly gone unnoticed by Governor Hochul and Mayor DeBlasio, who continue to devastate minority communities.

 You stood by while elected officials, oath sworn to uphold our constitutional freedoms, labeled your constituents as conspiracy theorists as they questioned massive, serious, irrefutable security issues in the November 3, 2020 election.

 You stood by while our Secretary of State and NYS Board of Elections allowed us to vote on outdated election machines that have not been certified since 2017. In the November 2021 elections, we have just used these same uncertified machines and we refuse to stand by and let the same voting equipment be used again in 2022!

 You stood by while the Arizona audit uncovered exactly how vulnerable our election systems are and yet the people have not seen where ANY action has been taken to restore our faith in election integrity.

 You stood by as Dr. Anthony Fauci and the NIH lied about the origins of the virus, which led to precious lost response time and political pressure on China which cost enormous New York lives.

 You stood by as prior Governor Cuomo enacted a heinous policy that unnecessarily sent COVID positive hospital patients back to nursing homes too ill equipped to care for them. This led to more than 13,000+ deaths.

 You stood by as the unvaccinated were discriminated against as being required to test, mask and quarantine while others were not.

 You stood by and let the FDA and Biden's unlawful executive order to employ a bait and switch scheme and coerce the citizens of New York, the military, federal employees and civilian federal contractors to take an Emergency Use Authorized experimental gene therapy drug as an "approved" vaccine legally known as Comirnaty which is not available in the US.

 You stood by and let former Governor Andrew Cuomo use various tactics to coerce and threaten all colleges, universities, and its most impressionable and vulnerable young students to take the experimental gene therapy injection.

 You stood by and let Mayor DeBlasio use various financial coercion incentives and loss of employment threatening tactics against all vital NYC first responders and civil service workers such as nurses, teachers, NYPD, & FDNY to take the experimental gene therapy injection.

 Perhaps most appallingly, you stood by and allowed the same corrupt FDA/CDC/NIH to ban proven effective treatments for COVID in favor of more expensive experimental treatments which are actually killing people. These heinous actions which cost thousands of American lives, including New Yorkers whose blood is on your hands!

You have repeatedly failed this state, the people, and this country! You have failed to properly rise up to the biggest and most important fights in our history and we no longer consent to your failed governance! In closing, you idly stood by while the citizens you swore an oath to protect were deprived of the constitutional rights secured through the blood, sweat, and tears of our forebearers. Now you may resign or watch while we remove every one of you from your coveted positions and take back our beloved state. Your time is up!

We the People of New York
