## Last few things...

### Install

Be sure to attach your layout and elevations.

Is there existing material to tear down?

**Please provide pictures of the different bay types along with a bill of materials for the material coming down.**

### Material

Do you have a BOM?

**If you attach your layout and elevations we can double check it for you!**

### Permit

We'll send you a form to fill for this!

**Email this form to [Brad@trir.co](mailto:Brad@trir.co)  
and we'll get back to you as soon  
as possible!**
